Leveraging Public-Private Partnerships to Achieve Multi-Payer Payment Reform

When states develop and implement delivery and payment system reforms, it is critical to align or build off of existing private sector payment initiatives. Public private partnerships promote payer alignment and avoid provider confusion and burden from misaligned programs.

During this webinar, we will hear a success story of how one state leveraged an existing private medical home program and created a statewide medical home initiative. Chris Koller will provide an overview of common approaches states have taken to engage multiple payers in reform efforts. Speakers from both Michigan state and Michigan Blue Cross Blue Shield (BCBS) will discuss Michigan's approach to utilizing partnerships and ongoing work of BCBS in the state to develop its patient-centered medical home initiative.

Moderator:

- **Neva Kaye**, Managing Director, National Academy for State Health Policy

Speakers:

- **Christopher Koller**, President, Milbank Memorial Fund
- **Susan Moran**, MiPCT Co-Director and Senior Deputy Director, Population Health and Community Services Administration, Michigan Department of Health and Human Services
- **Dr. Thomas Simmer**, Senior Vice President and Chief Medical Officer, Blue Cross Blue Shield Blue Care Network of Michigan

National Academy for State Health Policy

The National Academy for State Health Policy (NASHP) is an independent academy of state health policymakers who are dedicated to helping states achieve excellence in health policy and practice.
