Arrigo,

I am still waiting on the 112 County Ordinance Violations to be produced in my FOIA request.

I am also waiting on my hearing that is allowed per the Illegal Minimum Standards the County Passed. You can't even follow your own rules. This surely show just more discrimination which is not allowed under FAA CFRs.

I have also requested to speak in a public forum in front of the County Council which they are obviously denying free speech which is guaranteed by the US Constitution as well as my due process rights.

Waiting on your reply.

Are you denying my request? Are you denying freedom of speech? You have claimed in court you have violations. You have claimed you sent these to the FAA. The FAA doesn't have them.

I am just asking for the Violations you state the County has because I have never seen them.

You can bring them to our hearing when it is scheduled with the Dept of Airports.

Have a great day.

Aaron Holly.

Please do not continue to badger County employees, as has been

Kelly.

I am still waiting on production of 112 County Ordinance  
violations from Arrigo Carotti. I have been given unsigned and  
unsworn reports from county employees. The County and certain  
employees are defendants in a law suit.

Not one county violation of the Minimum Standards have been  
produced to this date.

You have 14 days from today for this request.

It is very clear what I have asked for. 112 County Violation or 112 actual FAA violations that were quoted in the FAA directors report in Oct 2015.

The FAA has already stated they are not in possession of these.

Thanks  
Aaron Holly.
