Dear Governor Haley,

Thank you for taking legal action to protect our borders and protect our Constitution. The executive amnesty proclaimed by President Obama represents an unprecedented power grab by the administration and a threat to the separation of powers that has served this nation so well.

Unrestrained immigration places a tremendous burden on this country and its citizens. It strains our infrastructure, our environment, and our educational and medical institutions. The failure of the federal government to enforce immigration laws has caused harm at the state and local level.

Our nation and its immigration policy have been and continue to be generous, but we do not have unlimited resources. We must assert control over whom we invite into our home.

I wish you success in this endeavor and, again, thank you for taking this legal action to prevent amnesty by executive fiat.

Sincerely,  
nan gilmartin
