All,

Please see the below email from Consumer Affairs regarding the next cyber security forum. These forums are of the utmost importance that your agency attend. Just as the subcommittee asked last year, they will be asking again during your budget presentation if you attended these forums. Please try and have your agency represented on October 30th.

I am currently out of the office recovering from surgery but am available by email or cell if you have any questions. Hope all is well with everyone.

Thanks,
Kara
