Chad Carson I'll be at Oconee in two days...I can tell you that I hope to NOT be on any sort of electronic communication device.

C. Farley Howard When I'm in the park, I make a conscious effort to have no device on me to either give or receive a shout out. How about we just wallow in our self-pity that someone IS there - and we are going back to work :-)

Marsha Humphreys While I love staying in the parks, it is not possible to give a "shout out" at Oconee unless you are standing near the office. My phone and my Internet access don't work there. I wish they did.

Sue Ann Tarkenton We are at Huntington Beach State Park. It is a beautiful day and we were lucky enough to see a n amazing Bald Eagle this morning. He sat on a viewing hut for a long time and caused several traffic jams. Life is good. I will post a picture of him when we get home.
