Subject: WEBINAR: Federal Funding for Medicaid IT Projects

Enhanced Federal Funding for Medicaid-Related IT Projects

How to Put the 90/10 Rule to Work for You

Register Now

Wed., March 22 at 3PM ET / Noon PT

Presenters: *Wade Miller & Juan Montanez, Principals at Health Management Associates*

Register now for an hour of key insights on current CMS guidance for states requesting enhanced federal funding for IT projects...the federal funding available...and what states must do to request and maintain funding for the duration of the project.

- Review funding currently available for IT projects
- Learn how to request enhanced federal funding
- Know the requirements to maintain funding
- See how you can transition to operational funding

This session is a must for State agency officials responsible for requesting and managing the use of federal funds on IT projects, such as MMIS eligibility and enrollment, data analytics, health information exchanges, electronic health records, or payer claims databases.

Join Wade Miller and Juan Montanez, Principals at Health Management Associates, as they draw from their deep experience in state Medicaid programs. You'll have the opportunity to ask questions and explore one of the most pressing issues in Human Services today.

Can't make the live event?

Register anyway to receive the recording and handout.
