Subject: Information on Program Goals

Josh:

Thank you for meeting with us on October 9 about our 2013-2014 budget request. We would like to make sure we are providing you with the information you want as related to the Strategic Goals/Objectives chart developed from our Accountability Report. (attached) We have aligned each of the goals with its major program budget area, which in our case is either the Vocational Rehabilitation Program or the Disability Determination Services program. In a couple of instances the goal is tied to both of those specific programs, so they appear in both columns. Please let me know if you are looking for this information or additional information in a different way.

Thanks,  
Rick
