Thank-you for your response. I realize this is not a State issue, but I hope you can exert your influence as you collaborate with other members of the government team. The Federal actions can significantly affect our great state, especially in terms of appointments.

No response necessary, I understand you are busy.

Jim

Good Afternoon Jim,

If I served in the US Congress or Senate, then I would give him my full support. I hope our federal delegation will do the same.

Best Regards,
Kevin L. Bryant
Lieutenant Governor

Lt. Governor Bryant, Give the duly elected President, the men and women he selects to run the administration. We are sick and tired of bureaucratic, political maneuvering that keep the good business of government from getting anything accomplished. We elected President Trump to lead an entrenched body back to sanity. Give him your full cooperation. If he fails we will elect a new leader. If you fail to support him, we will find new representatives. Thank you. Jr

Jim Roberts
