Proposed questions to share with Ad Hoc members:

1. Who is in charge of the agency?
2. The current governance structure of DOT is unique, is that correct? - bring out that SC is an outlier
3. You said there are four DOTs - can you go into more detail about what that means - policy disparities/how funding is set up
4. What is the biggest take away from the audit?
5. You have implemented a number of changes at DOT in a short time, what is your vision going forward?
