Andy,
Thank you for the call this morning. We are disappointed to hear that Daryl Ferguson would like cancel the meeting scheduled for 12/12 at 3:00pm with Mr. Farmer, the new Director of Insurance and several others. We worked hard to coordinate this meeting and to make sure all parties were in attendance and eager to listen and participate. I reached out to Stu to make sure he was aware that this meeting was cancelled. I am confused as to why Daryl would like to cancel this meeting after all this preparation.
I hope this group reconsiders cancelling.
Thank you,
Katherine
