If you are unable to help me, I do want to ask that you keep me in your prayers. I do believe in a higher power, and I also believe in the power of attraction. With enough positivity, things will find a way to work out.

Please help me

To Whom it May Concern:

I need help quickly. I've been trying very hard to survive without help and find new employment, but I need help now, please.

I'm currently unemployed. I'm trying to find work, but things have been very difficult since January. Unemployment has already been exhausted.

I'm contacting you to ask for an emergency grant/charity, so I can be safe until I find work again.

If that is not available through you, is there some kind of emergency fund I can apply for? Anything would help.

I really need help, and I don't have family that I can reach out to.

I don't have a working phone currently because of the cost. I also barely have gas in my car, and I'm trying to keep it from being repossessed, so I need help through email please!

Thank you for your consideration.
