America's *biggest criminal problem*

Is every government Official in America (City, County, Federal, & State), that, either knowingly or unknowingly, chooses to freely **break the Law**, by violating the **good behavior provision** in **America's Constitution, Article III, Section 1.**, which is the **Law that Legally Rules America.**

Explanation Time:

America is a Nation that agreed to live by the **Law**, on the **Law's** terms. And this **Law** America agreed to live by, is called the **Constitution of the United States of America**, which consists of a **PREAMBLE**, and **Seven Articles**. And now the **Preamble**, and a brief on the **Seven Articles**.

PREAMBLE

WE the people of the United States in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessing of liberty (**FREEDOM**) to ourselves and our posterity, do ordain and establish this Constitution for the United States of America. (emphasis added)

ARTICLE I

The Legislative Branch

America's Congress (the House of Representatives and Senate), is the first Article in America's Constitution, because America's Legislators possess the most responsibilities in our government, including, the only government body with the authority & responsibility to make Laws & impeach (remove from office), every Federal government Official that becomes a criminal (Lawbreaker), be it America's President, Judges, Legislators, or any Official in America's Federal government.

ARTICLE II

The Executive Branch

America's President has many responsibilities, including seeing to it, that all laws be administered by every government Official, on the **good behavior Law's** terms, never ever on their terms.

ARTICLE III

The Judicial Branch

Section I., *"The judges, both of the Supreme and inferior Courts, shall hold their Offices during good behavior-----"*. Wow! What a clear Law this is, every judge in America may only hold their Office (keep their job), as long as all their Judicial decisions are within **good behavior**.

Rightly so, since this good behavior provision (Law) **takes legal precedence** (is the final legal word) over every judge and every judge's Judicial decisions, **this clearly means**, good behavior legally rules over America's Jurisprudence, over every behavior, legality, loop-hole, technicality, and over every decision made by every government Official (City, County, Federal, & State), and over every Executive Order by America's President, or any State's Governor, and, yes, also over all of America's Constitution, and all or any new Amendments to America's Constitution, and all of the Bill of Rights. In Plain English, **Good Behavior Legally Rules America**, so for America to live by the Law on the Laws' terms, as America gave its word to do, every judge & government Official in America (City, County, Federal, & State), must abide by & uphold the good behavior Law, on good behavior's terms, in every government decision they make. And every government Official that won't obey the good behavior Law on its terms, in all its government decisions, is a Nation killing criminal, that must be promptly arrested, charged, prosecuted, and also impeached.

Side-Bar:

Had the Framers of America's Constitution, never ever clearly grasped good behavior, and then, placed good behavior in America's Constitution, Article III, Section 1., as the legal **Ruler** (as the sole final legally ruling words) over every judge (every legal behavior and decision) in America. America could become a Nation of rot, by the beliefs, dictates, and whims of all its judges & its government Officials, again, were this **good behavior provision (Law)** not to exist, or were this **good behavior provision (Law)** to keep being kept from all the people in America. **So let's all thank GOD**, with some truths about America's Constitution now being openly shared, America can begin to make right its wrongs, by obeying the good behavior Law on good behavior's terms.

ARTICLE IV

Relationship Between Federal and State Governments

ARTICLE V

Provisions For Amendments

ARTICLE VI

The Constitution, The Supreme Law Of The Land

Please Note:

This *Article clearly says*, **our Constitution, is the Supreme Law of the Land**, it does not say, **our Constitution, is the Supreme Possibilities of the Land**, nor does it say, **our Constitution, is the Supreme Suggestions of the Land**. What it says, is, **America's Constitution, is the Supreme Law of the Land**.

ARTICLE VII

Provisions For Ratification By States

The Preamble, and briefs on the Seven Articles in our Constitution, now ends.

Again, **Good Behavior Legally Rules America**, and, because the highest expression of **good behavior** is humble obedience, and yet President Obama (a Constitutional scholar), only knows (shares) contempt for America's Law. It is absolutely necessary, that We all remember, America is a Law abiding responsible Nation, **and therefore**, may We all support America's Congress to do its duty and impeach President Obama (remove the President from Office), for being the bane Lawbreaker (criminal element) that the President is. Also, while all America must wait for a new President. There are several Executive Orders that each State's Governor can put in place for their State, for every State's Governor, is also bound, **1st**, by the **Good Behavior Law in America's Constitution**, in every administrative government decision they make. So may the following six proposed Executive Orders for Governors, be welcomed, for these six Executive Orders, being put in place by each State's Governor, will put the brakes on some of the Lawlessness destroying America, while We all wait for our next President to decree a "**National Day Of Correction**", **on our Constitution (the Law's) terms**. Let's all **thank GOD**, healing for America is in our hands.

- 1.) Father Flanagan, the Founder of **Boy's Town**, in Nebraska, said, over 75 years ago, quote; "**Education is not complete unless it is built on character**". By every student in every school & University in each State being require to attend & pass an outlined America's Constitution class, yearly. Said missing ingredient (**good behavior**) which gives education its character, will emerge.
- 2.) America's historical Pledge of Allegiance, will be required by every student, everyday in every class, in every school and University. Humbly respecting **GOD**, and **America**, is **good behavior**.
- 3.) The **TEN COMMANDMENTS**, which **GOD** gave to all mankind the World over, and every Nationality and Religion in the World accepts **GOD'S TEN COMMANDMENTS**, must be post-ed in every class room and in every Hall, in every school & University in their State, plus a Monument placed in front of each school, University, & State Capitol Building, this is **good behavior**.
- 4.) Immediate added authority and responsibility to their State's Attorney General, so every judge (State or Federal) & any other government Official that attempts to get the people of a Governor's State to violate **America's good behavior Law**, can be arrested, charged, & prosecuted, by their State's Attorney General, for the criminal person that government Official had freely made itself.
- 5.) Abortion, and homosexual marriages (which is a behavior in the sexually impure family), are 2 behaviors that violate **America's good behavior Law**, making these 2 listed behaviors illegal.
- 6.) Because all the evils in the World are born and get their food to grow in secrecy, every judge sealing records or ordering a gag on legalities (save America's National Defense and R or D) are illegal, for secrecy clearly violates **America's good behavior Law**, how America agreed to live.

We, the people of America, are responsible for America to live by the Law on the Law's terms, & now that the truth about the Law (our Constitution), how America agreed to live, is partly--finally out in the open. May We all each do our part, and share the truth (these four pages) with as many as we can, and trust each other & our government to start upholding the good behavior Law, on its terms, **or**, **We must all** start filing criminal charges against every government Official violating **America's good behavior Law**, with our County's District Attorney & our State's Attorney General.

A fellow American,

Because America's Constitution is the **Law** that America agreed to live by, **this is why**, before any government Official in America (City, County, Federal, & State), from America's President down, can ever hold their Government Office, that person must make a pledge (give their sacred & solemn word) before others, that they will abide by (obey and respect) defend and uphold, the **Constitution Of The United States Of America**, which is the **Supreme Law of the Land**, on **its terms**, again, before they can ever hold their elected, appointed, or hired .Government Office.

Side-Bar:
While every person in America, knows, that a person that kills another person is guilty of an evil crime. It is also true, with all due respect to every victim & all its family, a person killing another person in America, is, in truth, small potatoes next to any government Official in America (City, County, Federal, & State) from Americas' President down that violates America's good behavior Law, for when any government Official in America violates America's good behavior Law how all of America agreed to live, that government Official, is, in truth, killing how all of America agreed to live. **So all such government Officials, are the biggest criminal element in America.**

Please Note: America's failure to teach the truths about America's Constitution, in all its schools and Universities, is why it took this 76 year old third generation American, over twenty years of endless study, while trying to decipher (navigate through) all the deceptions America's educators and our government are collectively engaging in, thus keeping the people in America in the dark, regarding the truths about America's Constitution. Rightly so, had all the truths about America's Constitution been taught, all along, in every school and University in America, all the economic & social horrors & sorrows that are now destroying America, could had never surfaced, for the **good behavior Law**, would never allow corruption and sexual impurity to run freely in America.

Thank GOD, all the truths about America's Constitution had finally become understood in 2001. And so, in 2001, then the journey to share the truths about America's Constitution (the Law) with government leaders (Federal and State) began, for America is blessed with so many more responsible trusting persons (government and privates sector alike), than irresponsible troubled persons, and yet, none (not even one) fully understood all the Constitutional truths being shared with them. About 2004, while three times a year said mailings kept being sent, a bright light came on, that a **"National Day Of Correction", on our Constitution (the Law's) terms**, needs to be done, to bring **America** back to its **Good Behavior Living Law Abiding Senses**, how **America** agreed to live. It took many years to fully write out a proposal for a **"National Day Of Correction", on our Constitution (the Law's) terms**, while said truths kept being mailed out. Also, with United States Senator Barack Obama elected as America's next President, it was believed, how great, for America's incoming President, is a Constitutional scholar (a professor), and is promising to bring all of America to its economic & social senses, which can only be done by obeying the Law on the Law's terms. So, again, what a blessing President Obama will be for America. Sad to say, between January 22, 2009 and December 2012, for four years, over 100 appeals, and several copies of said **"National Day Of Correction", on our Constitution (the Law's) terms**, were mailed to President Barack Obama, and every Presidential responds signed by President Obama was always the same. The President said, so much is being done to help America---with never one word about **America's Constitution**, the **Supreme Law of the Land**, or even one word about said proposed **"National Day Of Correction", on our Constitution (the Law's) terms**, which is our President's duty to decree, were America to ever drift away from its Constitutional legal life, ever occurred.
