Governor Haley:

I am a northern transplant from Pennsylvania and have lived in the South and South Carolina for the past 30 years. The Confederate flag represents to me the struggle of secession in our past history. It has no relevance to today only symbolism and in no way represents hate as you and your minions have portrayed this. Your activism for its removal follows the ISIS/Fascist play book. Their goals are and were to rewrite history. Unfortunately for you, the Confederate battle flag will still fly around the South. Already there are other city/counties proposing to fly this flag atop their buildings. I shook your hand at a republican meeting and wished you well but now find out that you really do not listen to your constituents and only say what you want them to hear. Today I was listening to a sports show and they discussed how for the past 15 years they have lobbied to have the Confederate battle flag removed and now South Carolina will have options to now play in our state.(bringing in money) It's all about the money and I have a feeling you and your government including the worthless Graham and Scott are involved in this deed somehow? The Confederate Battle flag had nothing to do with the Charleston 9 shooting. The photos posted also show Roof spitting and burning the American flag. Are we to assume that you will not fly the American flag due to his dastardly deed? Shame on you Governor Haley for your Dastardly deed.

I respect the fact that the Confederate flag was removed from the S.C. capital building today, and I also respect what it embodies to many people, however, you are alienating another group of people now. The "battle flag" has been removed and I am ok with that, especially since it was a "battle" flag.

Why wasnt an alternative choice of flag discussed? (or perhaps it was and it wasn't news worthy).

Why not the confederate flag that was in existence prior to the battle flag? I am referring to the one with 13 stars in a circle inside a field of blue, and 2 red stripes and 1 white stripe.

It might be an acceptable flag to both groups, since the other connotes war and death.

Thank you

-Drew

Governor Haley,

I do not agree with your personal and political decision to remove the Confederate Battle flag from your State's capital grounds. The battle flag is part of southern history and heritage and NOT a part of the senseless killings by the criminal Roof. Roof also burned the American Stars and Strips! The Leftist used the flag to divide southerners and Republicans, to drive the south in the ground, for the south is the most conservative and most patriotic Americans live in large numbers. YOU Governor, feel for the Leftist trick! It should be a reminder that Republicans were not part of the use of slavery in the 1800's, and slavery was both in the Southern and the Northern states! The majority of Southerners in that time frame of 1860's fought for STATE RIGHTS, slavery was certainly an important issue that emerge with Lincoln's Emancipation Proclamation, and frankly should have been dealt with years before the War Between the States IF politicians would have done their jobs! What I now see is a weak and ineffective Republican Party unable to deal with the real issues that caused a criminal to KILL innocent black parishoners, and the continuance of the black-on-black crime in your state's cities and throughout the nation. The nation is burning and the Republic is falling apart because Republicans are weak and party-minded and will not fight the Leftist Marxist movement, unable to protect and defend the Constitution. Removing the Confederate battle flag may bring you some peace of mind, but it will not stop the crime and it will not stop the Leftist from rewriting history and marching forward to fundamentally change our nation to certain destruction.

As a Southerner, just this fact that politicians like yourself have capitulated, causes me to go out and buy a Confederate battle flag and fly it, something I had refused to do before this political correctness in your state and as well mine state of Virginia, started to remove the flag and cover up the history and heritage of the South. Southerners have made great strides to bring civil rights and equality to ALL Americans whatever the color of their skin, probably more than our northern neighbors. BUT now, the Leftist have struck with a racist tone against southerners and of course never be satisfied only to divide us further, from Obama in the White House to every statehouse and state activist. I had enough of this nonsense and it dismays me to see a prominent Tea Party Governor I once respected, capitulate to a lie. I hope South Carolina voters WILL NOT support you in the future for a further job in politics and I sure will not, if you run for a higher political office. YOU Governor should concentrate on crime, and the criminal action of Roof and the black-on-black crime in your state then attack our heritage and history. The Confederate battle flag removal WILL NOT solve your state's problems and the horrible criminal action of Roof, and it certainly WILL NOT stop Leftists in your State to push for more Marxist agendas. The next steps will be to remove southern confederate monuments and the written southern war history from the school books.

I am disappointed that you gave into the few who assumed the Confederate Flag caused people to commit violent, racist acts, or were just offended by the flag itself for political correct reasoning. The Confederate Flag has a deep historic value and the majority of South Carolina residents as well as the majority nationwide feel the Confederate Flag should remain flying over the South Carolina Capitol and State buildings.

Political correctness is denying Americans their voice. We cannot say or do anything that may offend anyone, emphasis on the 'one'. What is going to happen to our American Flag when people declare their offense, or when groups declare the symbol of the American Flag causes offensive violence or racial evil?

The America as I have known it is slowly disappearing. Our freedoms are being restricted and censorship is increasing. Do you not see where America is headed? Unless elected officials, like yourself, stand up for American rights and freedoms, America will become no more than a socialist state.

In the Yankee army was 350K slave owners, in the armies of the South were 230K. At surrender the slave owner was in a Blue uniform, who didn't free his slaves until the passing of the 13th amendment. That date was in December of 1865. The laws (Jim Crow) that came to the South after the war were laws the North had on their books until the mid 1850's to keep the Blacks out of the North. The first 20 months of the 1860's, January 1, 1860 to September 31, 1861, they counted 1000 times a slave ship leaving New York Harbor. The last ship in the dirty business didn't stop sailing until 1880. And we are the ones who are painted racist. We are the ones spit on and bashed. The tariff was just as much a cause of that war as the tea tax by the British before the American Rev. But when you know that flag, you knock my family. I had a great great great aunt who came home to a house being looted by the boys in blue who believed they would have fun with her. The last man on her, stabbed her. They set the house on fire which they did to much of the South. Neighbors who saw smoke pulled her out of the burning house and before passing away she told what happened. He husband, my ggg uncle would die in service under that flag in 1864 in Northern Alabama. My great great grandfather on my mother's mother side die at the Battle of South Mountain. He was 35, and left a wife with 2 kids. My mother's father side ggg grandfather wore rope burns the remainder of his life as the yanks took him off and hung him about 6 times trying to get him to tell them where he had his gold. He finally got it through to them that he had bought Confederate Bonds with it. But he nearly lost his life. There was an 11 month old baby killed by Yankee artillery shelling the town of Vicksburg, and an 8 year old boy playing in his yard in Atlanta. The taxes paid by the South had kept

taxes low in the rest of the country. With the South out, the north no longer had that tit to suckle on. There was a 32 armed fleet outside Charleston Harbor, when the guns opened fire. Push and shoved into the corner, the South fought not for slavery but to have a government of it's own. That is what the complete Declaration of Independence stands for, not just one phase which means equality under the law. Otherwise, we are not equal. You have step on my family and my heart more than you know. YOU OFFEND ME, AND IF I EVER SEE YOU, I WILL NOT SHAKE YOUR HAND AND WILL SPIT ON THE FLOOR. YOU DON'T HAVE MY RESPECT. YOU HAVE NO HISTORY OF THIS COUNTRY. MY FAMILY CAME HERE IN 1620, 1645, 1675, 1775, and your a johnny come lately. The history of this land is the history of my family. Just FYI, in the Confederate Army was people from China, Jews, Native Americans, Afo-Americans (not dragged off to war by masters), and Hispanics who are Catholics. All factors that the KKK are against. So why are you attacking a flag that includes those people? Your a jerk. You have no idea of what went on and making judgments based on the other sides propaganda. It is a sad day.

When I grew up we had a saying, that I may not like what you are saying but I will fight to the end for your right to say it, or when it is my turn, may not have that right. Same thing here. Freedom means that flag flies no matter who it offends. That is freedom. One man's freedom fighter is another man's oppressor. Book you need to read, Charles Adams', When in the Course of Human Events. You maybe surprised what there is that makes the lies of the North stand out. Oh, by the way, it is estimated that about 15,000 ladies, most in the slave quarters, who were raped by the boys in blue. Thanks for making rapist heroes. That flag, as long as it flew, was a fist in their face. That we are not going to forget the rapes, the looting, the arson, being forced by a gun back into the Union. During the cold war the State Dept. complained how the USSR was treating Hungary when it revolted in 1956 (?). The Russians replied with two words, ....Abe Lincoln. The State Department never said anything more. Again thanks for crapping in my front yard, go back to India. Your the type we don't need, no matter what other good you have done, this is crap. I love people and as a Christian, I try hard to treat people how I would like to be treated. You not only crapped in my front yard, you spit on me, my family, my section of the country, and for what...votes.

We took prayer out of school but we used prayer and god over and over when the flag was up for debate. This showed me one thing, when you guys in Columbia or Washington want something it can happen F A S T. If ya'll would move like this on everything think what you could get done in a month!

I voted for you both terms. You will never get another vote from me or my family again. I bet you would not get 35% of the vote today! The people of SC should have had the chance to vote. You didn't allow that because you know the flag would have stayed. I would like to know when you plan to remove the AA monument that was put up as a compromise when the flag came down years ago?? What happens when someone wearing a STATE FLAGS kills or does something stupid are we going to remove it?

I could care less about the flag!!! Its the fact you and our lawmakers crammed it down our throats and its always one sided on the give and take!!!!!!!!!!!!!!!!!!!!!!!!!!!! ALWAYS

Dear Governor Haley,

You put on a great Political Show. Please tell me how the flag killed the nine people in Charleston? Ok Next is the offensive Martin Luther King Blvd, located in every town! When are you taking down the USA flag? You started a trend that we are all going to regret!! The polls showed that 53% of the people wanted to leave the flag up. Why did you not put it to a vote by the people? This is why the American People are sick of politicians!! You don't listen to the people!!! By the way I hope the pens came out of your personal wallet and not the taxpayers, because that flag did not kill those people, no matter how horrible a tragedy that was!! You just destroyed our Southern Heritage to play a political game.

Thanks for nothing!!

"The most effective way to destroy people is to deny and obliterate their own understanding of their history." -George Orwell

History isn't perfect. Whether you look up to that flag and see heritage or racism it really doesn't matter. The fact is that the Confederate flag is apart of South Carolina's history. Sweeping history under the rug is not learning from it, it is hiding from it.

"Human nature will not change. In any future great national trial, compared with the men of this, we shall have as weak and as strong, as silly and as wise, as bad and as good. Let us therefore study the incidents in this as philosophy to learn wisdom from and none of them as wrongs to be avenged." - Abraham Lincoln

Nikki you are not only a disgrace to southern women, but to South Carolina, as well. You have no back bone and you were easily pushed around by the media. You let everything you once stood for turn into dust. I pray for you Nikki, I pray that you can find your way back to that proud strong respected southern woman with morals and standards! Because today you sent a message. A message that SC will be bullied into anything that can merit enough media coverage. Shame on you Mrs. Haley. The only thing I could even ask of you at this point is to do your best to keep the flag from becoming "banned".

It saddens me deeply that you as Governor have taken down the flag. I live in a community that is 15 minutes from the new Market battlefield in Va.. Ever since there has been talk of removing the confederate flag in South Carolina. There is hundreds of trucks here riding around displaying the flag proudly. Virginia was a major part of the civil war and the flags will always fly high here. People even have them hanging on the front of their homes now. The minority groups are always crying about something. I believe you will have an increase in trouble and you will be voted out come election time. Just thought I would comment on a bad decision. Statistics do not lie. How many shootings are in Washington DC daily. Look at who is shooting who. Flags do not cause that. Enjoy your day.

Dear Gov. Haley

I know you are receiving a lot of hate about bringing down the flag. I want to thank you for doing the best thing for our state. I am white 51 year old man and lived in the south all my life. Some people are not looking at the big picture. You continue to move the state forward and trying to bring in new companies to South Carolina. I remember what the unemployment rate was before you were governor. You have done a great job bringing new companies to SC and dropped unemployment. I understand that global companies will not want to spend millions on putting a company in a state that is stuck in the past and divided. She took the flag off of the capital because the capital represents all of South Carolina. I am a white southern but never understood the allegiance to the Confederate flag. When I joined the Military, I swore my oath to the constitution in front of the US flag. That is my flag. People need to stop living in the past and look to the future. Let your children know that you took a stand for doing the right thing. Sometimes is harder to take a stand than ignoring an issue. Proud of you and the work you do for our state. God Bless you Governor.

I also find it offensive that there are black monuments on the state house grounds. You should stop says it is a great day in South Carolina because it is not. I hope that all the flags supporters fly the flag at there homes and on there cars. You have caved to the pc groups. It is also my hope that anyone that voted to take the flag down goes down in defeat when election time comes.

I was a member of the Fla National Guard originally from NJ. In 1958 I was sent to Fort Jackson. After boot camp my barracks buddy and I "broke out" and went for an extensive car ride around Columbia just to get away from camp. After running out of gas we went back to the parking lot. Being young and of Italian heritage I wanted to stop for a bite to eat and a good cup of coffee. My buddy insisted he couldn't go in the diner just outside the base gate. My friend was "black". I convinced him to come in. They politely asked us to leave, said they do not serve people of color. My friend took it in stride but I was devastated. I convinced him to allow himself to be humiliated. I have never forgiven myself. Watching them take down the confederate flag was not about the flag, it was about my friend and all the blacks who suffered under that flag. Thank you to the people of the state of South Carolina and to you Governor Haley. It was the right thing to do.

All I can say is, shame on you and South Carolina. For you to take down the Confederate Battle Flag, well there are no words. It is a shame when some crazed person can hold the Battle Flag and immediately it is a racist symbol. It is hard to understand how SMALL the mind thinks to just comply with so many other SMALL MINDS. How do these people get voted into office?? The once PROUD Southern States are being belittled to nothing and you are helping. The Battle Flag stands for all those Black and White that fought in the Civil War and you have taken their memory and the Heritage away from the south. Again SHAME on you. You and the likes of those that apparently seem to hate this once great country, are turning it into a free for all.

Over the past three weeks, it seems to me a lot of time has been wasted on this Confederate Flag removal issue. OMG the shooter had pictures taken with the flag so that had to be the reason to stop important state issues (roads, aiding the aging/veterans etc etc) and push through a bill to get the flag off the grounds.. I have been to Charleston area a number of times, if I was able would enjoy moving there.. Now with the FBI admitting they were at fault the shooter had a weapon- what are you going to do now? I see it in Springfield and D.C. elected officials get on board of some waste-time smoke screen instead of directing their time to the real issues what the line about the wheel that gets the grease?

I am a big supporter of Gov Haley's but I was disappointed with the decision to take down the flag with out some sort of discussion. I blame the senate and representatives too.

Slavery was a bad time for America but you can't change history and the flag stood for more than just slavery.

The flag had nothing to do with the low life scum that shot the people in Charleston.

It seems all the states now are running around like the energizer bunny saying with have to do something, we have to do something. This opens a big can of worms

because all of the liberals will want to do the "POLITICAL CORRECT" THING and START TEARING DOWN HISTORY WITH OUT ANY THOUGHT.

Slavery was a terrible thing but we just can't go overboard with out some thought as to what to do.

Governor Haley- This is just an email to thank you for your quick call for action in taking down the confederate flag at the State House. I applaud your appeal for bipartisan action and your courageous words! This flag was truly a symbol of hatred for many. And now we all need to work together to begin healing so South Carolina can become the great state it has the potential to become.

Thank you!

Anyone that has a confederate flag in front of their house will be seen as being a racist. You're stripping a lot of southerners of their heritage and pride. You just alienated a lot of people and I hope you lose your job because of your decision. You don't believe in freedom of expression. Your a turncoat... republicans like you caused me to leave this party of backstabbers. I'm always reminded of why I should never go back to this party. I never thought of this flag as being a symbol of racism. Ignorant, weak, irrational people do.

Dear Governor Haley,

I am very disappointed that you have not shown consideration for the 258,000 Confederate soldiers who gave their lives in the Civil War. The total loss of life was approximately 620,000 during the war. I would like to think the debt for slavery has been paid by the soldiers who gave their lives for this cause but we continue to pay generations later.

The Confederate flag had nothing to do with the horrific murder of the African American Christians shot down while worshipping in their church!

Lowering the flag will not change someone's anger and dissatisfaction with their life. It does however show lack of

respect for history and the preservation of it. Since history is so hurtful and destructive why is the Slave Market in downtown

Charleston still allowed to operate? Why don't you just take down and shut down anything to do with southern history since

it seems a cause for shame?

Sincerely,

Janis [REDACTED]

Very impressed with how the governor handled the recent tragedy and with all the events leading to the historic flag vote. Well done!!!

Gov. Haley,

I am so so Sorry I voted for you twice....The Confederate Flag DID NOT and DOES NOT, represent hate to me. It was and is a beautiful flag and represented PRIDE in being born in the beautiful State of South Carolina and later Pride in our state electing a woman as our governor.....Pride in being born in this beautiful state is still in my heart. However, Pride in voting for you twice for Govenor has now turned to shame. If you decide to run again for governor or for any other office, do not count on my vote again. I made that mistake twice, but even I learn from my mistakes.....Then again, this may be one since you will probably not even read this email.....

Dear Govenor,

Have thought you were something special until now when you bow the PC faction of the Left. The Confederate Flag had nothing to do with the deaths of those 9 people in church. The problem is allowing people with known problems to roam the streets of America waiting for that moment to find a situation that will make them famous. It has been obvious in many cases where some one with mental problems explodes into the news with mass murders. Sandy Hook, The movie theater in Colorado, Columbine. Charlestown. Its not the flag, its not the gun, it's not race; It's mental illness and the failure of courts to put and keep criminals and mentally ill in jails and institutions. What you have accomplished is putting a bandaid on the problem and hoping it won't happen again on your watch.

As I said, I used to think you were something special, actually thought of you as Presidential material. I no longer do.

Thank you for your time. If you choose to respond, please do not send a canned letter.

After 54 years the Confederate Flag was removed from your Statehouse. After 41 years I have ceased to be a Republican. You have chosen personal gain over your honor. The people opposed to the Confederate Flag are ignorant and self-serving, nothing more. My family is descended from brave Southern people who fought for States Rights, not slavery, and I am highly offended by your moral cowardice. Did you know that South Carolina fielded a military unit commanded by an Abolitionist named Wagener ? Your actions on behalf of the Republican Party will not yield one new vote from your adversaries, but through your cowardly action you have lost thousands of former supporters. James Webb in 2016!

I am an avowed Democrat, but I want to thank you for doing the right thing regarding the  
 Confederate Flag on government grounds. The flag never should have been unfurled in that spot.  
 You have helped to take our State out of the 19th century.

Thank you again.

Dear Honorable Madam Governor Haley,

It is with deep regret I find myself writing to you today on a topic such as the American Freedom of the People and the peoples right. Madam Governor, I am a loving, caring, compassionate, honest, Christian father of 5 beautiful children and 3 grand children. I am a graduate of Mississippi State University and have worked very hard for what little in life that I have. I follow very carefully past events as well as future. We use these past histories to not only not forget, but not to repeat the bad memories in the future. Would you not agree? If we as a people wipe clean the memories and scares of yesterdays past, what will our children and grandchildren do when they are confronted with a new idea that is very old historically yet new to them? Is that not an injustice to the future generations of this fast falling apart nation? Too many times in recent times, have the PC Police established there strong hold of total lies and distrust in the innocent minds of future generations, that will destroy a country that was fought for very intently to be a free people. I too am mourning over the loss of the Methodist Nine in downtown Charleston. I attended Trinity Methodist a block away on Meeting Street. My heart and prayers go out to all individuals that are hurting regarding this terrible tragedy; the entire nation mourns. Madam Governor, lets be strong as a nation of people that have healed the wounds of history with love, compassion and the grace of the Great I Am! However, lets be fair to the future generations so that they too will be allowed to think past the misguided immoralities, and reach for the newness of liberty and freedom; virtues that future generations have not been taught. Honorable Governor, why haven't the education systems of today revealed the true facts of how the

black slaves fought with the Southern States, and those individuals who had no slaves fought for States Rights? And how the Northern States were dead broke and could not pay their bills while the Southern States were flourishing (Cotton was king and the Southern Yellow Pine timber industry was the largest in the world) and had all of the wealth in these new United States of America (did you know that Natchez Ms had the most millionaires in these newly formed United States during that time period)? I just find it amazing how politics can play heavily on emotion when it comes to a catastrophe. It is not how a man stands, Governor, it is what he stands for. So when this exact same situation happens again months or years down the road, Heaven forbid, what flag or item will we take down next? Will it be the historical markers like off the coast of South Carolina, by Fort Sumter, that identifies where the first blacks of this nation were bought and sold? Or the Downtown market area where there were more auctions for human property? Or what about the colors of flag on the ships that brought them to the new world? Will our nations' flag be next? Will Rush be right again? This has played directly into the hands of the left. What happened in Charleston was a total nightmare but, one white man did not go into the House of Prayer and gun down 9 black people out of pure hate; one totally deranged individual walked into a prayer meeting and shot 9 parishioners. Race had nothing to do with it, the flag had nothing to do with it; I believe, like all things ever, it all starts in the home! After research on this individual and the family members, most would agree. I believe that you can take the very same items that are killing this nation and physically put them on a table during a conversation and during the course of that conversation they would do no damage; they would just sit there harming no one. It is the individual that initiates the cause and affect with these items. It is all about the individual and his upbringing. These items Madam Governor, would be weapons, flags or identifying objects, education, and drugs (just to name a few). I believe in the Almighty, I believe in the United States of America and all of those who fought and gave the ultimate sacrifice so that you and I can have this communicate at Liberty's will. What I am saying Madam Governor, is that If you wont stand for something, you wont stand for nothing! I stand for the freedoms of this nation, the Constitution, the Bill of Rights, equality for all human beings, the Bible when it says "if a man does not work, he does not eat," and will continue to teach my children and grand children that way and the way America was really built and why. I thank you for time and most appreciated interest in conversation. Sincerest Regards.

American First / I Remain,

Stephen W. [REDACTED]

As a new home owner in the Great State of South Carolina, I am so very proud of the Governor's strong sense of ethics and doing the right thing in taking down the Confederate flag. With my great Southern heritage, being raised in Tennessee, I am extremely proud of the Governor Haley's actions, which continue to provide healing and strength in the aftermath of this heinous act. With the removal of the flag from such a prominent location at our State Capitol, South Carolina is now the leader in removing this symbol which, sadly, had become a symbol of racism and hatred. Your actions deserve an outstanding THANK YOU !!!

I'm very proud to be a part of a state that respects citizens and listens to them and their hearts, and not the political voices that stand in our way of progressing our great state forward.

Kudos Governor Haley !!

I'm writing once again to let you know of my disapproval of your decision yesterday and today. I can't believe that this one shooting in Charleston has sparked all of this interest in removing the Confederate flag. I knew there had to be another agenda behind it, as there always is in the government these days, and now I see it. I see that the NAACP has immediately removed their ban on SC in the wake of you signing for the confederate flag to be removed from the Capitol an emergency session meeting. There's the answer/reason - more money for the state of SC. I hate that all of the facts weren't addressed when the House met and saw that African Americans kill more white people in our state than any other, not the other way around. The media and our government has a tendency to focus on one thing, one act, and make an example of it instead of looking at the broader picture. What about all of the other shootings that go on around the state that aren't publicized in the media. Yes, the Charleston shooting was a horrible tragedy, but in a way, you've let this young man win. He's now allowed our state to be divided over this issue. He was seen burning the American Flag - that should offend all of us!!!! He's getting worldwide attention for the shooting, and even more for making "history" because of this. His name will be remembered in history books. What's next? Will our teachers no longer be able to teach about the Confederate flag in fear of offending someone? Our country has lost our morals, values, and God and I fear for the future and for my child's future as well. It's so sad what people are becoming so complacent and how money is beginning to rule people's lives.

I recently sent you an email concerning the confederate flag and how it represents our history and veterans. The civil war was unfortunately fought over the 10th Amendment giving states the right to govern themselves. Some states slavery was legal and some not. After the civil war the 14th Amendment was passed (1868) treating all people as free people. Slavery in some states was not the main issue of the civil war but was fought primarily over the states to govern themselves. The very same freedom South Carolina enjoys. All of this attention over a flag. As far as I am concerned there is no such word as "race" we are all "human beings". If you really want to concern yourself with something more important then "grandstand" on the more than 60 American POWs still being held at Kaechong prison camps No.1 and No.14. I know as I have made 3 trips to Northern China and interviewed people that have been there as well as observing them in fields working under armed guards. This to me is a much more important issue than a flag. We have left them to rot in a prison then argue over a flag. Do what you want but those POWs have families that wonder if they are still alive. They were in 2007 during my last trip there.

Thank you for taking down the Confederate flag. As a Texan who has resided in both southern and northern states, I believe the Confederate flag is an important part of history---and history belongs in a museum and in history books. Perhaps you can consider replacing that flag with a "Unity Flag", one of a new and unique design that better represents the love of "The Emmanuel Nine" in the present and the hopes for all of us for the future. If you choose to share my words, please let me be anonymous. I'm not looking for attention. I only wanted to say thank you. You should be proud of what you have done today. God bless you.

Even though I have lived in Miami for 20 years, I am at heart a South Caolinian more specially a Charlestonian.

I was born and raised in Charleston and attended Citadel Square Baptist church which is next door to the Emmanuel AME church.

I want to tell you that I am so proud of my home state for recognizing the need to move forward by removing the continuous flag. This is HUGE for the state, the South, the country and the world.

I also thank you for recognizing the need to preserve the flag in a museum so that we don't forget our heritage or repeat the errors of our past.

Thank you for taking the stand that you did, and being proactive on this issue.

Wishing you much success in your future.

Sincerely,

David [REDACTED]

I am extremely disappointed in the once great state of South Carolina. I am still amazed how a group of people could blame a inatimate object on such a tragedy. There was thousands of African Americans who fought along side their white counterpart in the War for Southern Independence. Please learn your true history.

I have stayed in your state at least once a year since 1962. That will not happen again. Like it or NOT, with you NOT, AMERICANS died fighting under that flag. YES they were AMERICANS. Most did not own slaves. My ancestor from the Revolution War for Independence lived in Pennsylvania and owned a slave so you better not fly the fifty star flag as it grew from his flag the 13 Star Betsy Ross. While rewriting history you maybe should ban all flags as most do represent fighting. Just my humble opinion. But I will drive around your state. Please do not run for Vice-President on the Republican ticket as then I would have to vote for some other party.

Just spoke with Jim Casserly, suggested I try this agin. Why did you remove the Flag the way you did? Could you not have let the people decide as they did in 2000. You have made a bad situation worse. Phyllis Henderson didn't give a damn what people thought she wanted it down just like you. We colundnt even contact our rep through E-mail just stopped wrkng. A set upfrm the start. You lost our faith trust and our vote. I am ashamed I voted and stuck up for you. Why don't you just leave our state and don't come back Do us that one favor hit I-95 head north and don't come back. God Save Our State from people like you. You have set this State back 20yrs in Race Relations.

Mrs. Haley,

Since you come from a culture that still enforces the caste system I find your stance on the Confederate Flag to be quite hypocritical. I know that you are currently basking in the warm glow of the fawning liberal media, but I can assure you that you will not be reelected after this. The fact that someone like you can be born to 1st generation immigrants who came to this country from a 3rd World hell hole, only to have their daughter take a steaming dump on the ancestors of the residents of her new host country is truly pathetic. I would move to India and try to ban Ganesh and Kali if it wasn't the armpit of the globe. Enjoy your what I am certain will be an appearance on The Daily Show and all the other liberal TV shows.

Sincerely,

Barclay [REDACTED]

(a real American whose ancestors fought in just about every armed conflict to protect the rights of 3rd World refugees like you and your family)

It would be my hope that no budget increases are necessary to store or display a nylon confederate flag that has no real value when the museum has very valuable original flags already on display. It would be a waste of state funds.

I'm sure you're feeling pretty smug right now but let me say "you totally missed the mark". The flag had absolutely nothing to do with the murderer or anyone else's hatred!!! And removing it will not stop or change the problem. You have totally taken the focus off of the people who lost their lives and created even more animosity toward blacks. Just like Obama " you don't have a clue"!!!

For the first time in my 58 years, I awoke this morning ashamed to be a South Carolinian. That is because of the reprehensible actions taken by our state legislature and spearheaded by you that culminated in the removal of the Confederate flag from its rightful place of honor on the statehouse grounds.

Ms. Haley, you, nor any other single individual, has the MORAL right to take such a far-reaching act that so permanently tarnishes the legacy of those men who fought and died for our state. This type of action should only be done after being voted on by the entire citizenry of South Carolina.

I am disgusted by your words, actions, and, ultimately, your attitude. Please know that I will never support your candidacy for any future public office.

I am not from your state, nor have I ever been there. But as a Nebraskan and, more importantly, an American I feel compelled to write you a note to let you know how I am feeling today. (I am not one to ever do this type of thing.) Today as I watched the confederate flag being removed from the state house grounds live on CNN I started crying. It just felt amazingly correct and right. Justice, dignity, equality and respect ARE American values but so often in our society we lose sight of these core ideals which can bring us together and lift us up as a country to places inside and outside of our borders. I know some say it is just a symbol, but it has represented more than that to many people including me. It is unfortunate a tragedy had to occur before this important discussion and action took place but I hope, in time, most South Carolinians and Americans will grow in their understanding. I admire the heart and courage of all of your legislators who voted to make today possible.

Niki Haley until this morning 7-10-15 at 10:00 A.M I was proud to call you the Governor of S.C. but now I am ashamed of you and the other politicians of S.C. that voted to remove the flag which stood for History. If this is the way that you and your politicians buddies feel about this giving into these people mainly black citizens you and your politician friends are WEAK. Since you think that this should be removed there are some other Monuments and Statues that represent Black History that should be removed also. History is History weather is Black or White so I ask you to sign a bill or legislation to remove those Monuments and Statues from any government grounds this is not a oneway street. You and many more people have let the decision that one mental person that made some comments and killed those 9 innocent people in the church, that does not represent other citizens of S.C. by what he done, and if you and the others thinks this is over you are wrong, now that they have gotten to give in what is NEXT. You and the ones that voted this are WRONG and I promise you when you and the ones that voted against it come up for re-election I will NOT VOTE for you or them.

 <MSG>

Dear Gov. Haley: July 10, 2015

NOW THAT THE BLACKS HAVE WON THE BATTLE; WHAT DO YOU PLAN TO GIVE THEM NEXT? YES! THEY ARE PLANNING A NEXT. VICTORY IS SO SWEET AND REWARDING. I'm sending you my feelings and concerns as it relates to America's racist state-of-affairs. People in leadership, decision-making positions (people like your-self) must have an opinion as to the out-of-control conditions this country is facing. I can't believe any politician or a person running for political office and/or those in likewise power position are walking around with blinders on. They are alive, I see their mouth moving, but nothing of significance is uttered about America's racist problem-which is becoming a daily occurrence. I'm fed-up with those spineless, parasitic people-black and white alike-who capitalize on the fears of others to keep the wounds of America's long ago history (beyond the realm of believability) OPEN so they can get unwarranted and unearned life-time financing.

Gov. Haley, if you desire to read more, let me share my inner thought with you. But I want to emphasize I'm not writing about the vast majority of good, honest Americans-black and white alike. I want to put a limitation to these remarks in that I'm going to use the popular 20%-80% business formula used in many areas of our economy. For examples, it has been noted that 20% of the workers generate 80% of the products; 20% of the people have 80% of the wealth; 20% of the student body causes 80% of the school problems-including bullying; 20% of the people we send to

Washington work on those issues that affect 80% of the people, and in closing the formula, 20% of the whites and 20% of the blacks cause 80% of our current racial problems in America. The decision you and your political friends made just added to the fire of "I won and I want more."

To get to the main point of my email established, let I'll open a "can of worms" with an event that was seen on TV and reported in the papers in late June 2015. The event of the day that was treated like an everyday event was a black girl beat up a white girl. That day a shark bite got more coverage than the thoughtless racist act. I certainly did not hear a cry from Washington, your mouth, or from the mouth of Jackson and Sharpton. However, you realize-and the country is aware-that if a white girl had beat up a black girl, the word RACISM would have been heard around the world and the greater noise would have come from the two blacks mentioned above. (I don't use the word reverend or Mister when I mentioned their names.) Had a white beat up the black a lot of innocent storeowners-including storeowners on the other side of the country as so often is the case-would have been looted and destroyed by the blacks who needed a (visible, news-worthy) reason to riot and destroy.

To add truth to my concerns-which should be the concerns of the 80-percenters-let me provide a few unanswered-NOT unanswerable, but unanswered-questions. Why do the blacks have a Black Bar Association (BBA)? What? No White Bar Association (WBA)? Why do the blacks have their Black Medical Association (BMA)? Have you heard of a WMA? Have you? In Washington there is the Black Caucus group; but no White Caucus group. Is that NOT an issue for the politicians in Washington? Of course, there is the Black Governors Association (BGA). I've never read of a WGA. Do you belong to a WGA? We have the Black Chamber and Junior Chamber of Commerce, but lack such with the WCC and/or WJCC. One of the earliest modern-day racial insults placed on the shoulders of the whites is the Black Miss USA pageant. Again! No White Miss USA? And there are so many more BLACK ONLY Associations. But let's not ever forget the National Association for the Advancement of Colored People (NAACP). And you know there cannot and never will be a National Association for the Advancement of White People (NAAWP) if left to the discrimination rules of the black majority and their white supporters. Don't you understand that such display of the obvious can ignite a lot of whites just like WHITE ONLY drinking fountains and sitting in the back of the bus caused the blacks to show their disfavor of the lack of humane treatment by the whites? In your state and mine (Mississippi).

Let's move away from playing with the alphabet. Why can blacks wear the African-style 'Pill-box' hats? The Black Panther insignia or an upraised clenched fist is ablaze on the objects they wear. A white can't wear a cap with the Rebel flag showing. Don't you think both are capable of getting someone's blood boiling? The same goes with the Black Panther flag and the Rebel flag! We have those blacks that are comfortable wearing their African moo-moos, but become outraged when a white wears their cultural clothing that a black finds offensive. The Black Panthers and other black-based groups of the 20th-21st centuries are of the same mental make-up as were the Southern Rebels of the Civil War years. And keep in mind there were a lot more folks from the north that were south-supporters that the history books have failed to tell us.

Today we know this mentality in football terms; "A good defense is an excellent offense." In other words, the northerners' action was to point the finger at the south for their treatment of the blacks. In so doing the pressure of segregation would not be as visible on the Northern raciest mind-set and attitudes. Question? How many Northern whites had slaves? Not the type of slavery we read about in books and see in the movies. But the blacks used as maids, servants, yard boys, workers on farms, gophers, nannies, fear-mongers, as well as the mistresses by white owners.

Like today's Americans, we're tired of Washington deciding for us; what is best for us. Over 150 years ago the mind-set of the South was they did not want Washington or any group of people telling them when and how much to breathe. (The blacks told you several days ago how much you can inflate your lungs-no more, no less!) But let's not forget, the Civil War was a fight for the northern blacks as

well. But you can sell more manure, you can play the Racist card more often, you can be a parasite on the whites a lot longer, you can sit on your butt with palms up for a life-time, you can obtain all the rights (not just equal rights) if you continue to keep the wounds of a terrible event that happened over 150 years ago, OPEN with racist remarks uttered by the ones who were NOT alive, did not suffer, did not fight, did not contribute, did not shed one-drop of blood for the privileges they think they are still owed.

Blacks are called African-Americans. That is for the purpose of blackmailing. That is the match that keeps the fire of hatred burning. Today's blacks are not African-Americans! They are Americans, just like you and me. My grandparents, on my father's side, were immigrants from Italy. My father was born in this country in 1911 and was born an American. His future family of four boys and one girl were born Americans. Although we are proud of our heritage, we are not Italian-Americans. We are Americans! During WWII Italian-Americans, German-Americans, and Japanese-Americans were not the most liked people in this country. At least my culture did not go to a concentration camp, although we did live in poverty--in a camp. Many of my relatives fought in WWII for the rights of all Americans. The 20% blacks need to join the Twenty-First Century and face-up to the fact that nearly 500 years ago, long before America was America, their culture was sold out of Africa into slavery by their own black chiefs and leaders. Why are we still paying for the sins of those long-ago black and white (non-American) idiots?

We should all be ashamed of our status in life. Not because of the treatment of the blacks by their own people, but because of the way the true Americans have really been hurt and deprived of the fundamental rights and human compassion. The Native Indians are the true victims--not the 20% blacks who, rather than stand with those for justice for all, sit, selfishly, with their hands out. Gov. Haley, if you're still with me, let me again emphasize that I'm just one person who is fed up (well past the point of getting fed up) with the (20%) blacks--by no means all blacks (the 80%)--who think the whites owe them. You may owe them! South Carolina may owe them! But no one owes me! No one owes my children! We get out of bed, get off our butts and go to work to make our way in life. Even in difficult and hard times. I was a high school drop-out because of my families financial difficulties--not because my father was an Italian-American. He was an honest man who loved his family and America but lacked the proper skills to earn a decent salary. We didn't sit on our butts, waiting for the government to give us a hand-out, nor did we riot, rob and steal someone else's hard earned lively-hood. I joined the Navy of the USA, and with an honorable discharge went on to earn four college degrees. To tell you the truth, I was just one of the many hundreds of thousands of people of different ethnic groups (Italians, Germans, Japanese, Mexicans, Canadians, etc.) who contributed to and continue to strive to maintain AMERICA as the best and greatest country in the world.

It is bad for all Americans when 20% of the blacks who shout RACISM as easy as ordering a hamburger (and their white supporters) create 80% of the problems we face today. As stated already, such selfish, criminally-minded individuals are not interested in equal rights--they are more interested in getting all the rights--mine, yours and all honest, law-abiding Americans. Their callous actions and acts of these 20-percenters have turned the DREAMS of MLK into nightmares for all Americans, including the 80-percenters.

As Americans we do have a common enemy. There are those who want what we--whites, blacks, Indians, Mexicans, Canadians, Italians, Germans, Japanese, etc.--have. If anyone thinks they're having a bad day, spend one minute in Iran, Iraq, Syria, Yemen, just to mention a few. These poor, helpless people don't have time to fight among themselves. They are too busy protecting their hungry family members and what little possessions they have against ruthless dictators and terrorists. Russia's Khrushchev once alluded to during the Cold War, 'No country will have to fight America on American soil. Americans will fight amongst themselves and destroy their own homeland.' Such self-inflicted actions will make America just another third-world nation. The spoils of war will go to

those dictatorial leaders and counties who will lay claim to what is left of a once great and beautiful nation!

Gov. Haley, I do appreciate you taking the time out of your day to read this letter of concern I've share with you. I did not plan to be so windy, but I had to express myself for it seems no one else is paying attention.

In the Spirit,

s/ Dr. Morris V. [REDACTED] **\*\***(More than 1K words. I don't think you got the whole message!)

Hi Nikki,

Unbelievable! It actually required vigorous debate by the racists traitors in your state legislature, and the real American patriots on the other side, in order for you to finally figure out that officially displaying the confederate flag at your state capital is a bad idea? I hale from the great state of California, home of the world's sixth largest economy, and I say looking down my nose that South Carolina is a third world country I am ashamed it is a part of the United State of America.

 <SUBJECT>taking down historical flag</SUBJECT>  
 <MSG>

Taking down that historical flag has nothing to do with that shooting. Just like the gun didn't commit the murders-the person did. He stated that he wanted to accomplish something. Well he did, He got the politicians to after all this to take it down. He can be remembered for that. What a shame on you. Also it is cowardise after all this time to do what the blacks want. I can see why the South lost now. It has nothing to do with razised and I am not. My girlfriend is Asian. I would like to ask that lady shooting her mouth off if she ever watched the Dukes of Hazard show. That was just a comedy and not racist either. People are too sensitive now. That is why I like Donald Trump. He tells the truth and is straight forward. Not a lying politician. The Confederate soldiers fought at the time for what they believed was right and their lives should be remembered and not in an evil way. Those days where a long time ago just like slavery. Sad situation with people in this country now and how phoney the politicians are to please.

**FBI Says Dylann Roof Should Not Have Been Sold Gun**

by NBC News

The FBI said Friday that the man accused of killing nine black parishioners at a historically black church in Charleston should not have been able to purchase a gun.

Officials said a background check failure allowed Dylann Roof to illegally purchase a .45-caliber handgun. Roof had previously acknowledged previous drug possession, according to the FBI.

"We are all sick this happened," said the F.B.I. director, James B. Comey. "We wish we could turn back time."

Dear Ms. Governor:

I'm appalled at the abuse of historical facts in the drive to have the confederate flags removed from ALL buildings.

I agree with the decision to remove it from the State House, for the building stands for the integrity of the state...not the defunct confederacy.

I hope you'll stick with conservative values when you fall under pressure from idiots trying to remove the flag altogether; it's an important part of American history.

Why should we be expected to remove an emblem which allegedly is racist in nature? Racism is alive and well today!

If I had served in the Civil War, it would have been with the union. I LOVE the south and recently move from politically-correct border state Maryland. When I heard of the attack on that flag, I had mixed feelings. I don't care for the rebellion the battle flag stood for, but we can't change history and that was changes the country drastically.

Keep up the great work!

..Jim

p.s. I have a cousin who lives with her husband and kids in S.C. She LOVES the place. I might have

considered moving there myself, but I've been wanting to be in Va. for too long. I have family and my wife's late husband's family in this area.

Thanks for your time!

Dear Governor Haley,

Thanks for your action regarding the flag. While I am white, there are negative connotations to it. We lost some great and kind people at the AME church. The country mourns. It is courageous stands doing the right things in life are the mark of a true leader. You will be remembered well. Again, thanks.

<MSG>

The removal of Lees' battle flag is utterly disgusting: abject caving to the whims of fanatically bigoted tyrants.

Your action is PRECISELY the same as the Taliban destruction of the Buddha statues in Afghanistan, or ISIS destroying the antiquities of Syria and Iraq. You are, in essence, cowing to the demands of a small but vocal group that has the explicit aim of erasing parts of history they do not like, and replacing it with fictions they deem more appropriate to their vision for this one-time Republic.

We have relatives on the shore of South Carolina whom we would visit quite often - no more. We have also canceled our September reservations in Paulies Island.

We will be making it a point to not spend any more of our hard earned money in your state henceforth, and recommending all our friends and acquaintances do the same.

Sincerely,

John [REDACTED]

I am very sad and disgusted that you have decided to erase the history of the Civil War by capitulating (cowering) to the opinion that the Confederate Flag murdered those poor 9 people in your state. A psycho murdered those good people, NOT A FLAG (incidentally put up by Democrats)!

Could you not have thought this out more cleverly and thoughtfully rather than do this?

Are you aware of the fact that thousands of white people spilled their blood and gave their lives to end slavery? Also, the thousands of people who believed otherwise had a God-given right to express their feelings too; not only just one side. Plenty of these folks died as well.

**YOU CANNOT ERASE A WAR . . . YOU CANNOT ERASE THE HISTORY OF THE UNITED STATES GOVERNOR.**

I m very disappointed in your forced decision and strongly disagree with it.

Great job governor, we thought we had a female independent thinker, and we have another hack politician. I am not from the south, I am not a racist, I have never owned a slave, I do not have any confederate flags, not even on a shirt, as they say, I have no dog in the race. I am so sick and tired of pathetic, weak kneed republicans who cower in the face of the smallest opposition and can not effectively stand up and make one cogent argument for what made this country great, what will keep the country great and what this pathetic constant pandering has done to this once great country.

You are pathetic, the republicans are pathetic, and it is what will loose the elections in 2016 for the fools. I, and my family will not vote in the 2016 elections for anything more than a local dog catcher. If this country is going to go down the tubes with pathetic clowns like what we see in the republican party, we might as well let the democrats have it and run it in the ground.

Great job governor.

First, I want to thank you for your efforts on taking down the Confederate flag. I am a 57 year old white male, born in Greenwood, SC, raised in South Carolina and I have taught history at [REDACTED] High School in Pickens County for the past 31 years and I have never been prouder of South Carolina. I think the Romans wrote "Carpe Diem" for you. In light of the recent Supreme Court ruling on ObamaCare I was hoping that you would have a change of heart about the expanded Medicaid. My mother is 81 years old and disabled. My sister and myself have taken care of her since my father passed away. However, we both work and mom needs 24 hour care. When we sought to get her into a nursing home we found that there is a two year wait in SC for nursing homes for people on Medicaid. We were told if we lived in NC or Ga there were plenty of beds because those states took the expanded Medicaid. I pay into Medicaid. It is a shame that my money goes to help the elderly in California and New York but not in SC. I watched in amazement and delight the leadership you displayed in the flag issue. Could you please use that same leadership with Medicaid? Thank you for all you have done. Sincerely, Bill [REDACTED]

Gov. Haley.

For the past 10 years my family has spent summer vacations in your great state, and have actively looked for a retirement home. After spending in the neighborhood of 6 thousand dollars per vacation, I have given moving to South Carolina another thought. Since you have caved to political correctness and removed General Beauregard's Battle flag, I wonder what you will do next to appease the PC police. NO slave ship or market flew this flag, yet you caved. Good luck in your future campaigns, for my retirement will be " Georgia on my mind "

While State Senator Jenny Horne was addressing the Senate I noticed a mace on the desk behind her. The mace is a symbol of royal authority, as also would be a large portrait of Her Majesty Queen Elizabeth II. Had South Carolina remained a Royal Colony, the Union Jack would be flying instead of acrimony over the battle flag. An Order in Council would be the law in place rather than the Emancipation Proclamation and the Thirteenth Amendment.

Very thoughtfully,

Governor Haley,

Since your heart has had an awakening because of what happened in Charleston, I'm asking you to open your heart once again. Please take the steps necessary to establish a South Carolina Insurance Marketplace, and expand Medicaid for the thousands of S. Carolinians that need healthcare coverage desperately.

Make your children even prouder for making affordable, "life-saving" health insurance available to the poorest citizens of our state. No one should be excluded because they are poor!

S. Carolina should not have any second-class citizens! Isn't that the reason you stood behind taking down the Confederate Flag?

I hope your motivations and speech were sincere, and not just political maneuvering. If they were sincere, you will take action to make health insurance affordable for ALL of S. Carolinians. We will see how sincere you were.

Respectfully,

Monica [REDACTED]

Madame Governor,

When and where did our country become so thinned skinned? When did America become so impotent, we have lost what so many have bleed and died for. Freespeech has been taken from us, our religious rights are disappearing, Why madame are we returning our Future Childern what can only be called dictatorship.

The Stars and Bars did not represent slavery! Those valiant men on both sidd up for what they believed to be just and true. Soon the American Indians will want the Stars and Stripes pulled down. The small mom and pop stores ate being buried umder taxes and pc on speed. So you get sued for not baking a CAKE, because these lesbians had no where else to go? I do not know you Madame, but southren and yankee blood flows in my veins I am proud of both and ashamed by both.

Ike Joanie sang in my youthful days, you wete there the day they drove old Dixie down. If we do not turn the ship of state, WE WILL BE THE KILLERS. Are you as sick as we are of children put on sex predators 1st forever marked 6 years old, or the little girl fro Vietnam who thought she was free and instead got suspend for wearing a cross necklace. PLEASE RESEND ON THAT PROUD FLAG. YOU AND MANY OF US IN AMERICA KNOW THERE WILL NEVER BE ANOTHER FREE ELECTION, WE ARE JUST LIKE EUROPE SERFS. I WRITE THIS TO YOU WITH TEARS. In the very near future we will all have tears in our eyes remembering we were the killers of free thought, and America.

Sincerely your's,

I have never owned a Confederate flag or do I want one, however, what I just witnessed on you capitol lawn was nothing short of disgusting and appalling. I will never step foot in your state or spend a dime of money there for as long as I live. This is PC off the cliff and you need to change the R behind your name to a D along with all who voted for such a travesty while playing into the hands of the most divisive president in my lifetime.

You should be ashamed of yourself and hopefully your political career will end sooner rather than later

Gov. I have just returned from outside the country to find you have signed a bill to again move the Confederate flag. I know you are in a political position and PC is the rule presently but by your actions you have diminished the values of southern history and the history of this state. The last time I checked the white population is still around 80% in this country and I am tired of having a rule by minority. South Carolina lead the move to separate from the US because of multiple issues including the trashing of the constitution concerning the rights of citizens and states. The current central govt. is doing the same things now. I have been a great supporter of you but think your actions were wrong on this issue. I know your family did not have to live under the central govt. of times past but a lot of us are still proud of our heritage. I am certain my references to discrimination will not make headlines but I am sending a link to an idea that is prevalent in the south.  
 Thank you for your time.

Dear Governor Haley,

Thank you from Kansas for having such dignity and grace in your removal of the Confederate flag. I am so sorry for the tragedies that your state has recently experienced but the way in which your residents handled them have given me great faith in our country. I can only imagine how freeing this morning must have been for so many. I truly appreciate your leadership and the way you represented your state and yourself to your country. You should feel very proud.

Sincerely,

Dear Gov. Haley:

As a child of immigrants born and bred on the lower east side of Manhattan in New York City nearly 70 years ago, I just want to say how much I respect you for your resolve in showing the rest of this country how goodness does prevail. The citizens of South Carolina should be very proud of what took place on the grounds of the State Capital this morning. Congratulations to you and your fellow citizens. God bless you all and God Bless the "UNITED" States of America. Kathryn [REDACTED]

Dear governor,

I don't believe that your crappy administration took the action that it did on the Confederate battle flag. You are despicable and you sold your soul for votes . You aren't even brave enough to ask for a public referendum on the matter and let your citizens decide for them selves.I think you gave been bought by special interests groups, you have lined your pockets with cash that you sold your soul with. Be brave and publically admit that you are corruput and tell us how much you sold your soul for, or does a freedom of information request have to be filed? Your services as governor sreally no longer required.

I was very disappointed to see how quickly you were willing to purge American history as well as southern heritage of the confederate battleflag. This is all too reminiscent of the historical revisionism and purging that was commonplace in the former Soviet Union. Symbols unfortunately are often misused by individuals and groups with evil intentions to legitimize their causes. The picture of the largest Klan rally ever held in Kokomo, IN. in 1923 shows row after row of Old Glory, and not one confederate flag. The question then becomes where does this purging of history end as long as politicians are willing to make decisions based making people "feel good"and what the current political correctness dictates? Will we ever understand our own history and culture flawed though it may be as long as politicians are willing to wipe the slate clean? Destroying our history also destroys our future. If you decide at some point in the future to run for national office you will not have my vote.

Dear Governor Haley,

I write to thank you for your significant and excellent leadership in the successful legislative effort to remove the Confederate Battle Flag from the SC Capital grounds. I am married to a South Carolinian who served as Carroll Campbell's Press Secretary when he was a US Representative. I'm sure Governor Campbell would have joined the other former governors in supporting this effort.

As you know all too well, the world was watching and you and the other elected leaders and South Carolina demonstrated the fortitude her people have deep within their hearts from our colonial history to today.

Our church in Kansas City has kept the people of Charleston in our prayers since the shooting. This week we will join you in giving thanks for this historic and godly act by the elected leaders of the Palmetto State.

Well done.

Faithfully,

Dear Mrs Haley, We applaude you on the job welldone on the confederate flag. We also suggest the following,

1) Mandatory school uniforms in all the schools for following reasons,

(A)Boosts self esteem of kids,

(B)Kids out of the school spotted immediately and kids from outside"mischief mongors"spotted immediately,

(C)No peer pressure or fighting for some fancy sneakers.

2) It is a well known fact that children getting enough sleep do better in schools and are more attentive.

The classes should start at 8.00am instead of 7.00am for kids from 1st thru 4th grade.

People from other states always brag about the education system in their states, lets show them that we can be par to their education system or even better.

Thanks for your time.

enjoy!

Pranay.

The removal of the Confederate battle flag is a disgrace on the leadership of South Carolina. It blainlty dishonors the 650,000 that died for it's cause. It's disheartening to see south Carolina throw it's history away that easily. I am now glad that I no longer reside in Greenville, SC.

You have joined the mob of cultural fascists displaying your political cowardice by placing yourself in agreement with Obama, Holder, Bloomberg, Romney, and Jackson. You would certainly be more at home in Boston, hegemonic Washington DC, or the police state fiefdom of NYC.

I wanted to just say congratulations. You have taken the first steps in causing more racism. As of 12:00 today I have experienced more hatred and racism as a white woman than I ever have in my 53 years. By taking down this flag you have created an even larger wedge between the races and you are responsible for having a major contribution in a larger divide between whites and blacks. Be proud, you're a troublemaker. Congratulations I am ashamed of you.

Dear Gov. Haley,

I cried today when the Confederate Flag was taken down. It felt like your beautiful state had finally accepted that it is part of the United States. We are stronger and better together as one country. Now South Carolina is setting a positive tone for the rest of the country.

I applaud your courage and leadership. Without your compassion for all people in your state and your passion for kindness and justice, the pain and division would be with us still.

May God continue to bless you and give you strength.

With Respect,

I entered the US military from [REDACTED] College at Charleston, now Charleston [REDACTED] University. I served in combat in three wars and retired after more than 30 years of service.

What you fly over your office is your business and those of your voters, but I remind you:

Public Law 85-425, May 23, 1958 (H.R. 358) 72 Statute 133 states - "(3) (e) for the purpose of this section, and section 433, the term 'veteran' includes a person who served in the military or naval forces of the Confederate States of America during the Civil War, and the term 'active, military or naval service' includes active service in such forces."

Quit while you're ahead and stop re-fighting the Civil War. If you hate one veteran, if you dishonor one soldier, you do the same to all.

Respectfully,

John [REDACTED]

Dear Governor Haley,

I write to thank you for your significant and excellent leadership in the successful legislative effort to remove the Confederate Battle Flag from the SC Capital grounds. I am married to a South Carolinian who served as Carroll Campbell's Press Secretary when he was a US Representative. I'm sure Governor Campbell would have joined the other former governors in supporting this effort.

As you know all too well, the world was watching and you and the other elected leaders and South Carolina demonstrated the fortitude her people have deep within their hearts from our colonial history to today.

Our church in Kansas City has kept the people of Charleston in our prayers since the shooting. This week we will join you in giving thanks for this historic and godly act by the elected leaders of the Palmetto State.

Well done.

Faithfully,

Hello Governor Haley,

I am not from South Carolina, but removing the Confederate flag deeply disturbers me. As a cadet at the [REDACTED] the Confederacy plays a rather large part in my schools history, but I am not here to talk about my school, I am sending you this email to really understand why the Confederate flag was taken down. To my understanding it is not waving over your capital building, it was on the grounds. Which to me signifies your states history. It is what makes South Carolina different from the other 49 states. Personally, I do not think the actions of mentally-ill teenager should effect how politics is done. Unfortunately 9 lives were tragically killed, but taking down the Confederate flag because of that seems more like revenge than anything. The Confederate flag is a part of our nations history so taking it down will not change what has happened in the past nor what will happen in the future. You probably know this better than anyone, but back then the Confederates did not have an actual flag to wave in battle. It was only until much later was when the traditional "Stars and Bars" became the Confederate flag that is today. If you ever answer this email, I would like the honest truth. I am not looking for politically correct answers, just the truth behind why the flag that carries so much history has been taken down. If you are doing this to get votes, then so be it, but if you did this because you ACTUALLY believe this flag represents slavery, then I'm sorry, but you need to see the bigger picture.

Very Respectfully,  
 Peter [REDACTED]

P.S. What I said above are my views not the views of [REDACTED]

This flag was not the official flag of The Confederacy. So, Why would you put it in the Confederate Museum?

Your parents came to the USA from India. You have no roots in the traditions of The South or in South Carolina. You may have been born in America, but you're not American. You're an immigrant. You are the product of Diversity. You are the product of a government that values immigrants over its citizens. A government that promotes immigrants at the expense of its citizens. As a politician you have demonstrated by your actions you are no more trustworthy than the guy that pulled the trigger at The Church.

I have vacationed at Myrtle Beach on numerous occasions. The latest vacation was in Charleston because of its historical significance. No more. Never Again. You can tell your Tourism Department and your Merchants Association that when I have money to spend, I will spend it elsewhere.

Dear govenor I hope you sleep well at night knowing you just took a big part of my history away for the most racist people in the world. The trouble making black people and biggest racist in the work the NAACP. No matter what white people do we are racist and you gave into them and just added more fuel to the fire because they have you in there pocket. I am sorry for the people and families of the church shooting but the confederate flag didn't do it and the gun didn't do it, one bad seed did but you taking our flag down says you think it was racist to. God help you all for being racist. But nothing is being don't about black panther leader telling blacks to kill all white people. What is wrong with this picture? Why don't you drug test all these people on welfare and food stamps and save us all a lot of money to be used on education and educate idiots that don't know the real meaning of this flag. I feel sorry for all southern people that lost loved ones under this flag. And the black families that lost loved ones under her and no the flag isn't racist. I have never seen this flag hurt a soul. But you and other weak people in office that give into all they tell you to. I feel sorry for you and SC

What a disgrace and disservice you have been to the people and families of South Carolina and of the former Confederate States of America!! You are the ONE who threw fire on the hatred against the Confederate Battle Flag. The Confederate Battle Flag was high-jacked by Dylan Roof, the Ku Klux Klan and White Supremacist groups. Now you have chosen to have it banned from your State House Grounds, you didn't even have the ethics and integrity to allow the people of South Carolina vote on this issue, you allow your legislature of men and woman who could be cajoled,, harassed and threaten to vote to remove this historical Flag from the State house grounds. You are now giving momentum to a minority group of people that want to have anything regarding the Confederate States of America removed from State Flags, National Parks and National Cemeteries across the United States! You have now set yourself as Judge and Jury to deny relatives of Confederate Soldiers, Offices and Statesman the right to honor those men and women that fought for the Southern States number ONE CAUSE OF "STATES RIGHTS", a fight that is still going on the Courts and Congress still today. I am not a Southerner by birth, I am a Yankee from New Jersey but no one person, Governor. Legislature or President has the right to deny Southerner's FIRST AMENDMENT RIGHT OF "FREEDOM OF SPEECH", THE RIGHT TO DISPLAY THE CONFEDERATE FLAG OR TO HONOR VETERANS, STATESMEN'S OF THE "WAR BETWEEN THE STATES" AND THEIR RELATIVES!! ABRAHAM LINCOLN HIMSELF CHOSE NOT TO PUNISH THE LEADERS OF THE SOUTH HARSHLY BUT SHOWED EXTREME COMPASSION AND YOU SEEM TO THINK YOU HAVE THE "POWER OF THE LORD ALMIGHTY" AND HAVE BEGUN TO PUNISH THOSE WHO WANT TO HONOR THEIR RELATIVES. MAY GOD JUDGE YOU FOR YOUR LACK OF ETHICS,LACK OF FORGIVENESS,LACK OF INTEGRITY AND LACK OF BEING

UNAVENGEFUL!

Dear Governor Haley,

I know I've emailed you before. But here I am again. Just wanted to say congratulations on selling out your state for more votes, and as I see it that's all you politicians are doing, hope you get as many as you expect. The Flag did not kill those people, you cannot even blame it on the gun. (even though Obama is blaming the NRA for it). It was the person, and he would have committed this crime/tragedy anyway, he would have found a way. If people would actually study the history of the civil war, they would know what the flag really meant. It was not about slavery even a few loud voices want you to believe that. When a black man killed several white people, you barely heard about it, (guess white lives DON'T matter). If Dylann Roof had not posed with the flag, would any of this happen? I really doubt that you will ever build a multi-million dollar display for the flag. Just another Government ruse to get what you want? By taking the flag down and banning it, you have actually promoted discrimination by causing shame for all those who have relatives who fought in the war for the south. If the Confederate flag is to be banned, then ALL flag should be banned, there are many I find offensive. If you look hard enough you can a dark side to every flag flown, even the American Flag. After all, look what the US Gov. did to the American Indian. My wife has relatives that fought on both sides, so now only one side can be honored? My relatives came from Europe after WW1, but I am going to fly to Confederate flag anyway. So what's next? Removal of all the monuments, road names, etc? Then go after Conservative Christians? That's already going on. It's a sad time for the country. There are no longer Republican or Democrat parties. This country is now run by Liberal Anti-Americans, minorities, gays, and Illegals. The biggest Anti-American is in power now. We even have a Governor who said that is you are a white Conservative Christian and don't agree with his liberal policies, then you don't belong in this state. The founding fathers are turning over in their graves. All I can say is "GOD bless America" May She rest in peace.

Regards;  
Richard [REDACTED]

Dear Governor,

It has been proven by the FBI that the government failed by issuing the Church shooter, Dylann Roof a gun permit. The government FAILED, but you blame the Confederate Battle Flag. STUPID!!!!  
 Foolish politicians always blame the wrong thing to push their own agenda.  
 In your July 4th speech you said, "At the end of the day we all just love each other". Governor, at the end of the day we "White Southerners" still love our southern heritage. We will NEVER FORGET. Don't ever expect this "White Boys" vote should you ever seek national election. As a matter of fact, I am sick of the entire GOP. Politically Correct politicians are throwing away the freedoms of Americans, especially white America. Governor, you went from "Tea Party" to a GOP leftist politician. The greatness of America is over and I blame the GOP as much as the Democrats. God help America!  
 Sincerely,

Madam Governor, with all due respect, I disagree with your actions concerning the Confederate Flag. While I do not support slavery, and I am saddened by the murder of nine good Christians in South Carolina, I do support many things the South stood for during the War Between The States.....lower taxes and tariffs, States Rights, and less favoritism in Government. My Confederate Ancestors made some mistakes, but they got some things right.....and I honor them. I believe your actions are an insult to those Confederate soldiers, both black and white. I have always supported Republicans, but you have made that less likely in the future.

I guess the Flag is innocent.

FBI Says Dylann Roof Should Not Have Been Sold Gun

by NBC News

The FBI said Friday that the man accused of killing nine black parishioners at a historically black church in Charleston should not have been able to purchase a gun.

Officials said a background check failure allowed Dylann Roof to illegally purchase a .45-caliber handgun. Roof had previously acknowledged previous drug possession, according to the FBI.

"We are all sick this happened," said the F.B.I. director, James B. Comey. "We wish we could turn back time."

Dear Governor Haley,

I am very disappointed that you have not shown consideration for the 258,000 Confederate soldiers who gave their lives in the Civil War. The total loss of life was approximately 620,000 during the war. I would like to think the debt for slavery has been paid by the soldiers who gave their lives for this cause but we continue to pay generations later.

The Confederate flag had nothing to do with the horrific murder of the African American Christians shot down while worshipping in their church!

Lowering the flag will not change someone's anger and dissatisfaction with their life. It does however show lack of

respect for history and the preservation of it. Since history is so hurtful and destructive why is the Slave Market in downtown

Charleston still allowed to operate? Why don't you just take down and shut down anything to do with southern history since

it seems a cause for shame?

Sincerely,

Janis [REDACTED]

Dear Govenor,

Have thought you were something special until now when you bow the PC faction of the Left. The Confederate Flag had nothing to do with the deaths of those 9 people in church. The problem is allowing people with known problems to roam the streets of America waiting for that moment to find a situation that will make them famous. It has been obvious in many cases where some one with mental problems explodes into the news with mass murders. Sandy Hook, The movie theater in Colorado, Columbine. Charlestown. Its not the flag, its not the gun, it's not race; It's mental illness and the failure of courts to put and keep criminals and mentally ill in jails and institutions.

What you have accomplished is putting a bandaaid on the problem and hoping it won't happen again on your watch.

As I said, I used to think you were something special, actually thought of you as Presidential material. I no longer do.

Thank you for your time. If you choose to respond, please do not send a canned letter.

Mrs. Hailey,

I have no opinion about the Confederate Flag. What I have an opinion about is the deterioration of freedom of speech. This is just another way the government is taking away our rights. There seems to be no end to people being offended and removing what they are offended by. Why was the flag not a concern prior to the shooting????? It became a problem when people associated the flag only being about race. I am just sick and tired of the government taking our God given rights away from us. I did not expect this from you. I am now feeling your decision is only for political gain. This is not a decision a true conservative would have made.

From a true Conservative!

Over the past three weeks, it seems to me a lot of time has been wasted on this Confederate Flag removal issue. OMG the shooter had pictures taken with the flag so that had to be the reason to stop important state issues (roads, aiding the aging/veterans etc etc) and push through a bill to get the flag off the grounds.. I have been to Charleston area a number of times, if I was able would enjoy moving there.. Now with the FBI admitting they were at fault the shooter had a weapon- what are you going to do now? I see it in Springfield and D.C. elected officials get on board of some waste-time smoke screen instead of directing their time to the real issues what the line about the wheel that gets the grease?

Governor Haley:

I am a northern transplant from Pennsylvania and have lived in the South and South Carolina for the past 30 years. The Confederate flag represents to me the struggle of secession in our past history. It has no relevance to today only symbolism and in no way represents hate as you and your minions have portrayed this. Your activism for its removal follows the ISIS/Fascist play book. Their goals are and were to rewrite history. Unfortunately for you, the Confederate battle flag will still fly around the South. Already there are other city/counties proposing to fly this flag atop their buildings. I shook your hand at a republican meeting and wished you well but now find out that you really do not listen to your constituents and only say what you want them to hear. Today I was listening to a sports show and they discussed how for the past 15 years they have lobbied to have the Confederate battle flag removed and now South Carolina will have options to now play in our state.(bringing in money) It's all about the money and I have a feeling you and your government including the worthless Graham and Scott are involved in this deed somehow? The Confederate Battle flag had nothing to do with the Charleston 9 shooting. The photos posted also show Roof spitting and burning the American flag. Are we to assume that you will not fly the American flag due to his dastardly deed? Shame on you Governor Haley for your Dastardly deed.

It saddens me deeply that you as Governor have taken down the flag. I live in a community that is 15 minutes from the new Market battlefield in Va.. Ever since there has been talk of removing the confederate flag in South Carolina. There is hundreds of trucks here riding around displaying the flag proudly. Virginia was a major part of the civil war and the flags will always fly high here. People even have them hanging on the front of their homes now. The minority groups are always crying about something. I believe you will have an increase in trouble and you will be voted out come election time. Just thought I would comment on a bad decision. Statistics do not lie. How many shootings are in Washington DC daily. Look at who is shooting who. Flags do not cause that. Enjoy your day.

I'm writing once again to let you know of my disapproval of your decision yesterday and today. I can't believe that this one shooting in Charleston has sparked all of this interest in removing the Confederate flag. I knew there had to be another agenda behind it, as there always is in the government these days, and now I see it. I see that the NAACP has immediately removed their ban on SC in the wake of you signing for the confederate flag to be removed from the Capitol an emergency session meeting. There's the answer/reason - more money for the state of SC. I hate that all of the facts weren't addressed when the House met and saw that African Americans kill more white people in our state than any other, not the other way around. The media and our government has a tendency to focus on one thing, one act, and make an example of it instead of looking at the broader picture. What about all of the other shootings that go on around the state that aren't publicized in the media. Yes, the Charleston shooting was a horrible tragedy, but in a way, you've let this young man win. He's now allowed our state to be divided over this issue. He was seen burning the American Flag - that should offend all of us!!!! He's getting worldwide attention for the shooting, and even more for making "history" because of this. His name will be remembered in history books. What's next? Will our teachers no longer be able to teach about the Confederate flag in fear of offending someone? Our country has lost our morals, values, and God and I fear for the future and for my child's future as well. It's so sad what people are becoming so complacent and how money is beginning to rule people's lives.

Niki Haley until this morning 7-10-15 at 10:00 A.M I was proud to call you the Governor of S.C. but now I am ashamed of you and the other politicians of S.C. that voted to remove the flag which stood for History. If this is the way that you and your politicians buddies feel about this giving into these people mainly black citizens you and your politician friends are WEAK. Since you think that this should be removed there are some other Monuments and Statues that represent Black History that should be removed also. History is History weather is Black or White so I ask you to sign a bill or legislation to remove those Monuments and Statues from any government grounds this is not a oneway street. You and many more people have let the decision that one mental person that made some comments and killed those 9 innocent people in the church, that does not represent other citizens of S.C. by what he done, and if you and the others thinks this is over you are wrong, now that they have gotten to give in what is NEXT. You and the ones that voted this are WRONG and I promise you when you and the ones that voted against it come up for re-election I will NOT VOTE for you or them.

Taking down that historical flag has nothing to do with that shooting. Just like the gun didn't commit the murders-the person did. He stated that he wanted to accomplish something. Well he did. He got the politicians to after all this to take it down. He can be remembered for that. What a shame on you. Also it is cowardise after all this time to do what the blacks want. I can see why the South lost now. It has nothing to do with razised and I am not. My girlfriend is Asian. I would like to ask that lady shooting her mouth off if she ever watched the Dukes of Hazard show. That was just a comedy and not razist either. People are too sensitive now. That is why I like Donald Trump. He tells the truth and is straight forward. Not a lieing politician. The Confederate soldiers fought at the time for what they believed was right and their lives should be remembered and not in an evil way. Those days where a long time ago just like slavery. Sad situation with people in this country now and how phoney the politicians are to please.

Even though I have lived in Miami for 20 years, I am at heart a South Carolinian more specially a Charlestonian. I was born and raised in Charleston and attended Citadel Square Baptist church which is next door to the Emmanuel AME church.

I want to tell you that I am so proud of my home state for recognizing the need to move forward by removing the continuous flag. This is HUGE for the state, the South, the country and the world.

I also thank you for recognizing the need to preserve the flag in a museum so that we don't forget our heritage or repeat the errors of our past.

Thank you for taking the stand that you did, and being proactive on this issue.

Wishing you much success in your future.

Sincerely,

Dear Gov. N.R. Haley

I have been rolling over in my mind regarding taking down the confederate flag - I feel that it was a wrong move to take down the confederate flag what they fought for was freedom and that flag meant a lot to the families now or years ago - I feel so sorry for all the families that were killed by a young crazy young man he has a big problem I maybe a yankee but I still love the south - do you really think that if the shoe was on the other foot that a black man shot white people in a church or wherever they would take down the flag I do not think so - mu thought's are punishment for this young fellow should make all those families of the church shooting would rather see that I know if I was in their shoes I would.

I sure do hope that you forgive me for writing to you on the above subject - and if I made any mistakes I am so sorry but on another hand I sure do hope that you, your husband and children have a healthy and safe life.

Thank you for taking time out to read my email

Thanks Again,

Dear Governor Haley,

I am writing to congratulate and thank you for signing the bill to take down the Confederate flag from government sites in the state of South Carolina. I believe it is a courageous and correct act, and I am grateful to see that you addressed this issue proactively in the wake of the unthinkable hate crime recently committed against African-Americans in Charleston. I understand that southerners, like most Americans, have deep pride in their history and traditions. However, I think anyone who believes the Confederate flag does not first and foremost represent a form of tribute and even nostalgia for our country's shameful history of slavery and racism against African-Americans is deluding his/herself willfully or otherwise and contributing to shackling African-Americans. When one group is shackled, so are we all.

While our political system is currently thriving on polarizing the "left" and the "right," I believe most people are looking for just the thing God gave all of us: common sense. In political terms, common sense is simply "pragmatism," a word that has become downright blasphemous in the current political climate in this country.

I applaud you for your pragmatism, your common sense, and human decency.

Sincerely,

Donna [REDACTED]

Dear Gov. Haley  
Instead of removing the flagpole why not create a new flag for it? One to represent the new directions your state has taken to mend the riffs that the Confederate Flag caused.  
A flag to stand proud of the unity thus created by the taking down of that one flag today.  
With Respect,

Madam Governor, with all due respect, I disagree with your actions concerning the Confederate Flag. While I do not support slavery, and I am saddened by the murder of nine good Christians in South Carolina, I do support many things the South stood for during the War Between The States.....lower taxes and tariffs, States Rights, and less favoritism in Government. My Confederate Ancestors made some mistakes, but they got some things right.....and I honor them. I believe your actions are an insult to those Confederate soldiers, both black and white. I have always supported Republicans, but you have made that less likely in the future.

Dear Governor,

It has been proven by the FBI that the government failed by issuing the Church shooter, Dylann Roof a gun permit. The government FAILED, but you blame the Confederate Battle Flag. STUPID!!!!  
 Foolish politicians always blame the wrong thing to push their own agenda.  
 In your July 4th speech you said, "At the end of the day we all just love each other". Governor, at the end of the day we "White Southerners" still love our southern heritage. We will NEVER FORGET. Don't ever expect this "White Boys" vote should you ever seek national election. As a matter of fact, I am sick of the entire GOP. Politically Correct politicians are throwing away the freedoms of Americans, especially white America. Governor, you went from "Tea Party" to a GOP leftist politician. The greatness of America is over and I blame the GOP as much as the Democrats. God help America!  
 Sincerely,  
 Milton C. [REDACTED]

Dear Governor Haley,

I know I've emailed you before. But here I am again. Just wanted to say congratulations on selling out your state for more votes, and as I see it that's all you politicians are doing, hope you get as many as you expect. The Flag did not kill those people, you cannot even blame it on the gun. (even though Obama is blaming the NRA for it). It was the person, and he would have committed this crime/tragedy anyway, he would have found a way. If people would actually study the history of the civil war, they would know what the flag really meant. It was not about slavery even a few loud voices want you to believe that. When a black man killed several white people, you barely heard about it, (guess white lives DON'T matter). If Dylann Roof had not posed with the flag, would any of this happen? I really doubt that you will ever build a multi-million dollar display for the flag. Just another Government ruse to get what you want? By taking the flag down and banning it, you have actually promoted discrimination by causing shame for all those who have relatives who fought in the war for the south. If the Confederate flag is to be banned, then ALL flag should be banned, there are many I find offensive. If you look hard enough you can a dark side to every flag flown, even the American Flag. After all, look what the US Gov. did to the American Indian. My wife has relatives that fought on both sides, so now only one side can be honored? My relatives came from Europe after WW1, but I am going to fly to Confederate flag anyway. So what's next? Removal of all the monuments, road names, etc? Then go after Conservative Christians? That's already going on. It's a sad time for the country. There are no longer Republican or Democrat parties. This country is now run by Liberal Anti-Americans, minorities, gays, and Illegals. The biggest Anti-American is in power now. We even have a Governor who said that is you are a white Conservative Christian and don't agree with his liberal policies, then you don't belong in this state. The founding fathers are turning over in their graves. All I can say is "GOD bless America" May She rest in peace.

Regards;  
Richard [REDACTED]

What a disgrace and disservice you have been to the people and families of South Carolina and of the former Confederate States of America!! You are the ONE who threw fire on the hatred against the Confederate Battle Flag. The Confederate Battle Flag was high-jacked by Dylan Roof, the Ku Klux Klan and White Supremacist groups. Now you have chosen to have it banned from your State House Grounds, you didn't even have the ethics and integrity to allow the people of South Carolina vote on this issue, you allow your legislature of men and woman who could be cajoled,, harassed and threaten to vote to remove this historical Flag from the State house grounds. You are now giving momentum to a minority group of people that want to have anything regarding the Confederate States of America removed from State Flags, National Parks and National Cemeteries across the United States! You have now set yourself as Judge and Jury to deny relatives of Confederate Soldiers, Offices and Statesman the right to honor those men and women that fought for the Southern States number ONE CAUSE OF "STATES RIGHTS", a fight that is still going on the Courts and Congress still today. I am not a Southerner by birth, I am a Yankee from New Jersey but no one person, Governor. Legislature or President has the right to deny Southerner's FIRST AMENDMENT RIGHT OF "FREEDOM OF SPEECH", THE RIGHT TO DISPLAY THE CONFEDERATE FLAG OR TO HONOR VETERANS, STATESMEN'S OF THE "WAR BETWEEN THE STATES" AND THEIR RELATIVES!! ABRAHAM LINCOLN HIMSELF CHOSE NOT TO PUNISH THE LEADERS OF THE SOUTH HARSHLY BUT SHOWED EXTREME COMPASSION AND YOU SEEM TO THINK YOU HAVE THE "POWER OF THE LORD ALMIGHTY" AND HAVE BEGUN TO PUNISH THOSE WHO WANT TO HONOR THEIR RELATIVES. MAY GOD JUDGE YOU FOR YOUR LACK OF ETHICS,LACK OF FORGIVENESS,LACK OF INTEGRITY AND LACK OF BEING

UNAVENGEFUL!

So I see you just joined the ranks of followers to that Nigger in the White House by pissing off us Patriots and white people. But heck you're just another minority figure in the way of course, a dumb Spic as I've heard. Shouldn't have ever let women or colored minorities have rights.

And if I sound racist, well I am but at an individual level. If a person presents themselves in a fashion that shows they're a piece of shit to the overall good (Old Constitution) then I classify them as a "nigger" or ignorant worthless trash that society could do without. So after this flag removal and pleasing the black community what are you going to do for the white folks that pay for your fucking office and nice home? Thank You and have a wonderful fucking day.

STOP GIVING IN TO THE PRESSURES ON RADICAL FANATICS. YOU CANNOT ERASE HISTORY WHETHER GOOD OR BAD, AND IF YOU THINK THE SOUTH WAS BAD YOU NEED TO BRUSH UP ON YOUR CIVIL WAR ERA HISTORY. ABRAHAM LINCOLN WAS A TYRANT JUST LIKE THE ONE IN THE PRESIDENTIAL SEAT NOW. STOP CULTURAL CLEANSING IN THE SOUTH! THE FLAG REPRESENTS BRAVE MEN AND WOMEN, YES WOMEN, WHO FOUGHT TO PROTECT THEIR HOMES AND WAY OF LIFE FROM AN INVADING ARMY. LEAVE CONFEDERATE HISTORY AS A PART OF THIS COUNTRY'S HISTORY, BECAUSE IT IS SIMPLY THAT, OUR HISTORY AS A NATION!

Congratulations !

Thank you for placing the confederate flag in its proper place for today and for history.

I am from Minnesota and during my life time I even felt uncomfortable when standing next to or seeing that flag. It took a great deal of courage to do what you did. I want you to know you are admired. I am sure you will go down in history as the governor who opened the door for the advancement of our great country and for liberty and justice for al.

Wishing you continued success,

Kathryn [REDACTED]

Dear govonor I hope you sleep well at night knowing you just took a big part of my history away for the most racist people in the world. The trouble making black people and biggest racist in the work the NAACP. No matter what white people do we are racist and you gave into them and just added more fuel to the fire because they have you in there pocket. I am sorry for the people and families of the church shooting but the confederate flag didn't do it and the gun didn't do it, one bad seed did but you taking our flag down says you think it was racist to. God help you all for being racist. But nothing is being don't about black panther leader telling blacks to kill all white people. What is wrong with this picture? Why don't you drug test all these people on welfare and food stamps and save us all a lot of money to be used on education and educate idiots that don't know the real meaning of this flag. I feel sorry for all southern people that lost loved ones under this flag. And the black families that lost loved ones under her and no the flag isn't racist. I have never seen this flag hurt a soul. But you and other weak people in office that give into all they tell you to. I feel sorry for you and SC

gov. Hailey with all due respect now that you have gotten your way with the st Andrews cross . the ceremony was very dignified but some in the crowd were very disrespectful.my family comes from the carolinas and many of my ancestors fought and died under the flag. as a compromise look at flying the first national or the bonnie blue at the memorial.

PS GOOD LUCK IN THE NEXT ELECTION!

"Today" show, she said: "No one should ever drive by the Statehouse and feel pain. No one should ever drive by the Statehouse and feel like they don't belong." [<http://www.msn.com/en-us/news/us/after-54-years-confederate-flag-removed-from-statehouse/ar-AAcMqOZ?ocid=U220DHP>] If you said this and went through so much to get a flag removed, how about fighting to get Andrew Jackson (Indian Removal Act) removed from the twenty dollar bill. No one should feel pain from American currency or like Native Americans don't belong because of it. Also while your at it push to get 'In God We Trust' removed. People who don't believe in God shouldn't fill like they don't belong. This affects more people then a few driving by a state house. You could start by working on getting a bill passed to have them put in a museum. Don't start something and only do it like a half ass hypocrite. Finish your fight to stop true hate! Removing a flag want stop it. I try not to start what I or anybody else can't finish only a hypocrite tries. P.S. Do forget that the British, Spanish, and American flags flew on slave ships. Not Confederate flags.

You should be excommunicated for your insipid action in teaming with a relatively small group of unamericans in removing a reviewed symble of american history. Why no remove the american flag when you consider the conduct of the army of the north during the war between the states; also, the british, spanish and french flags for the conduct of their forces in the early years of our nation.But, I realize this is a waste of time for you have no sense of fairness in your decision to bow to the loud noises of a small bunch of activists black. One day perhaps the "white" citizens will gather in your front yard an show how narrow minded you have proven your politically orientation has shown.

This flag was not the official flag of The Confederacy. So, Why would you put it in the Confederate Museum?

Your parents came to the USA from India. You have no roots in the traditions of The South or in South Carolina. You may have been born in America, but you're not American. You're an immigrant. You are the product of Diversity. You are the product of a government that values immigrants over its citizens. A government that promotes immigrants at the expense of its citizens. As a politician you have demonstrated by your actions you are no more trustworthy than the guy that pulled the trigger at The Church.

I have vacationed at Myrtle Beach on numerous occasions. The latest vacation was in Charleston because of its historical significance. No more. Never Again. You can tell your Tourism Department and your Merchants Association that when I have money to spend, I will spend it elsewhere.

With all of the insulting rhetoric from Donald Trump recently, I can say that as a Latino - you are exactly the type of Republican that could draw me from being blue to red. Kudos!

Governor,

Please veto the bill to remove the "Stars & Bars". What you allow to happen in the state of South Carolina is going to end up effecting those of us, not only in your state, but all over the United States.

Please make a stand for what is right. I know you grew up seeing the "Stars & Bars" every where you looked and it didn't make you a bad person or make you think of running out and buying two or three slaves. If anything it brought to mind your heritage, with a sense of pride and honor.

No, I can't vote for you, but I can pray for you and yours; and I do pray that you'll do the right thing even if some people think, wait, think is too strong a word of the dummies that want the flag removed from everyone's lives.

Thank you,

Captain E.A. [REDACTED]

Hello Governor Haley,

I am not from South Carolina, but removing the Confederate flag deeply disturbers me. As a cadet at the [REDACTED] the Confederacy plays a rather large part in my schools history, but I am not here to talk about my school, I am sending you this email to really understand why the Confederate flag was taken down. To my understanding it is not waving over your capital building, it was on the grounds. Which to me signifies your states history. It is what makes South Carolina different from the other 49 states. Personally, I do not think the actions of mentally-ill teenager should effect how politics is done. Unfortunately 9 lives were tragically killed, but taking down the Confederate flag because of that seems more like revenge than anything. The Confederate flag is a part of our nations history so taking it down will not change what has happened in the past nor what will happen in the future. You probably know this better than anyone, but back then the Confederates did not have an actual flag to wave in battle. It was only until much later was when the traditional "Stars and Bars" became the Confederate flag that is today. If you ever answer this email, I would like the honest truth. I am not looking for politically correct answers, just the truth behind why the flag that carries so much history has been taken down. If you are doing this to get votes, then so be it, but if you did this because you ACTUALLY believe this flag represents slavery, then I'm sorry, but you need to see the bigger picture.

Very Respectfully,  
 Peter [REDACTED]

P.S. What I said above are my views not the views of [REDACTED]

Dear Gov. Haley,

Thank you for the removal of the Confederate flag today. Personally, I believe your work on this subject will not be finished until the Ben Tillman Statue and all other Confederate memorabilia is removed from all government properties in South Carolina and the South. It is not a heritage to be proud of when it hurts other citizens.

You and your legislature may have removed the Confederate flag from your building but what scares me most is this insane firestorm against southern history that also affects 70 million Americans who descend from the Confederacy.

So many people today have learned and forgiven the old South but to suddenly see current politicians and businesses viciously condemn the past with threatening removal acts of flags and emblems and Confederate Civil War memorials is very disturbing and unAmerican.

Your message of removal seems to underlie extra impetus to create mob mentality, a dangerous contemporary fashion that is spreading throughout the country.

I think you are an insult to the South. I hope the people of South Carolina will never vote you in office again. What about our ancestors that gave their lives for the South, so we just forget them. What is next that the blacks will demand. Will it be the removal of the statues, the discretion of our Confederate grave yards. I will never vacation in South Carolina again. It ant over yet, we will continue to fly the Confederate Flag. Best regards AJ

Gov. Haley,

Nice work Governor. It has been an amazing past few weeks for South Carolinians starting with the terrible murders our nine precious citizens in a church in Charleston. I've been very impressed with your composure and leadership throughout this entire ordeal - from the initial news reports to the respectful flag lowering ceremony today at that state capital.

Keep up the good work Governor. You have my vote.

Best Regards,

Gov. Haley,

This is William ██████████ Now that the Confederate flag has come down. What flag can we fly there now. Now I am talking about a neutral flag. Maybe we can put a flag with our state flower, state stone, state gem, or something that would make it neutral. And may I suggest an idea of to make the state house grounds more beautiful. Maybe move all of the monuments off the state house grounds and have flower gardens or stone gardens or maybe place flower gardens and rock gardens around the monuments. It is an idea that will be a positive effect for our great state. And again thank you for getting ZF Transmissions to come to SC.

Governor Haley,

I have been a supporter of yours and have voted for you twice. I was very disappointed in you today. I understand that the Battle Flag was removed, but to talk to NBC about it and only NBC is very upsetting. This is a network that could care less about SC values. This should not be a day when we look to people like Matt Lauer who celebrate what most South Carolinians should be a sad day for our state. Someone, Roof, who took what was an honored symbol for our state and use it for a horrible purpose.

I hope you are not trying to place yourself in a better position for higher office. If this is so, many in SC will not support you.

Dear Gov. Haley,

I am so very proud to be a South Carolinian today. Thank you for your leadership and grace during this difficult time in our state. Many tears have been shed these last weeks but today as I watched the flag come down, I truly feel we have reached a new place in our state. I hope and pray that this will continue.

Your leadership has been exemplary and courageous. Thank you for doing what was right for all of our citizens.

Best regards,

This decision to take the flag down was done in such a hurtful way. What is in our heart comes out as action, this young man had hatred in his heart, which had nothing to do with the flag. If the discussion had taken place after calmness was restored it would not hurt. Chris Corley spoke truthful words when he asked what is next and named all of the memorials to follow. History is not always pretty, but it is a part of us, our past makes us who we are and we learn from past experience. If you read the history of the civil war you learn a very small percentage of people owned slaves. When freedom was obtained they did not leave because they had been treated so kind; they preferred security and kindness to moving into the world they did not know. I'm not proud of all history but I have forgiveness in my heart. All persons if they are truthful have felt hurt during their lifetime but it is only when that hurt consumes and provokes anger it becomes what South Carolina has just experienced. We are told in the Bible that God is not the author of confusion but of peace. Let us all rely on God for love and guidance.

Mrs. Hailey,

I have no opinion about the Confederate Flag. What I have an opinion about is the deterioration of freedom of speech. This is just another way the government is taking away our rights. There seems to be no end to people being offended and removing what they are offended by. Why was the flag not a concern prior to the shooting????? It became a problem when people associated the flag only being about race. I am just sick and tired of the government taking our God given rights away from us. I did not expect this from you. I am now feeling your decision is only for political gain. This is not a decision a true conservative would have made.

From a true Conservative!

As a born and raised South Carolinian, I am ashamed at the action that you and those that supposedly work for the people of this State took this week, with regards to the removal of the Southern Heritage flag. The fact that you and the other so-called leaders of this State took it upon yourselves to decide that the opinions and demands of Barack Obama, CNN, MSNBC, ABC, CBS, NBC, Al Sharpton, liberals, and other "outsiders" are more important than the opinion and respect of your own States residents just indicates you are more interested in political correctness and personal political ambitions above the people that you work for. The courageous thing to do, would have been to let us vote on the action. Not only would it have allowed the people of South Carolina to decide what they want, it would even more importantly allowed our constitutional right of free speech to be exercised. Instead, you and the politicians of this State decided it was more important to allow non-residents of this State to make the decision as to was is best for us. Your action doesn't unite the people of this State, it only divides us and shows us that political correctness and outsiders opinions mean more to politicians in this State than its own citizens.opinion. I have no confidence that should outsiders call for removal of all statues, memorials, any reference to our heritage, that you won't backfire to those as well. What next? If they demand our find be taken, I'm not sure that right and freedom won't be taken away inn the name of political correctness too.

Just wanted current Governor to know she has disappointed me greatly and displayed that she can be manipulated. My vote will be for someone else next election. We can fly any other flag in this country but not the one my family carried while fighting for state rights to keep from being run over by the government. Our rights are given by God and not to be taken away by some government that is responding to specific things that happen. I really really can't believe this is happening. I will keep looking up more often because I know Jesus must be near the return for his children of every race. SC government has nothing to be proud of in my opinion, concerning the flag that we use to fly that honored the people that shed their blood fighting under it. History was History regardless of it offends Anyone!!!!!!

Governor Haley, we know that the issue was an emotional one, especially for life-long residents of South Carolina. However, for the future of SC, you courageously and swiftly led the movement to take down the Confederate Flag from the SC Statehouse grounds and place it in the relic room of the Military Museum. Thank you for your leadership.

I am a literal descendant of Confederate President, Jefferson Davis. However, I have not turned my back on President Davis, or my Southern heritage as you have with your opportunistic, sensationalist, faux diversity performance. By your actions you reveal yourself as one instrument of many designed to destroy Southern history and culture. Your various lip-service appeals for unity and your active participation in removing the "Stars and Bars" from the statehouse flagpole are implicit demonstrations that you are no better than any Northern, Post-Civil War Reconstructionist, carpetbagger. You and your fellow travelers are still fighting the War of Northern Aggression as you move toward eliminating any vestige of the Secession. Your actions illuminate the focus of this entire issue as one of the systematic deracination of White Southern Heritage, my heritage! Your actions, your rhetoric, your performance "art," dinner theater of the absurd offends me! You stoop to emotional pandering in order to appeal to a false god of political correctness. This servile, abasing behavior comes from one who is a member of a national wrecking crew that is determined to dictate all social etiquette policy and the terms of its debate. Your embarrassing, shameful, self-loathing, acting-out speaks more to your pre-disposed "white guilt" than it does to any desire for unifying all the citizens of South Carolina. Indeed, the circus act you perform daily under the Statehouse "big-top," serves only to expose you for the obsequious, sycophant you are. Moreover, the political expediency behind the miscalculated propagandizing of your thinly disguised emotional charade will only serve to galvanize Patriotic Southern hearts. Madame, your exhibitionistic display would make V. I. Lenin proud, serving as a shining example of what he referred to as a useful idiot!

With extreme Contempt,

Theodore [REDACTED]

Do not invoke GOD you hypocrite! "The time has come for us to set the flag among the other markers of our history so we can set our eyes on the great promise of a united South Carolina. " Get ready for the U.S. flag to be next! No person of African decent alive today can remember the brutally oppressive past. you speak of, no, this is nothing more than an opportunity for political parasites like you stack the odds in your favor for political office.

You would be wise to acknowledge that white people fought each other against the tyranny that Lincoln wielded against the South. Blacks should be reminded it was white brothers against brothers during the Civil war. You should remember too, that Lincoln himself said "

"I am not, nor ever have been in favor of bringing about in any way the social and political equality of the white and black races. I am not nor ever have been in favor of making voters or jurors of Negroes, nor qualifying them to hold office, nor to intermarry with white people. And I will say in addition to this that there is a physical difference between the white and black races which I believe will ever forbid the two races living together on terms of social and political equality. ... And inasmuch as they cannot so live, while they do remain together there must be the position of superior and inferior and I as much as any other man am in favor of having the superior position assigned to the white race." – Abraham Lincoln in his fourth debate with Stephen Douglas in the campaign for the United States Senate on September 18th of 1858

Woman you should learn from the past, because America is soon to repeat 4 - 12- 1861!!!

You are nothing more than a Lemming and a dolt!

Yes I am Tearfull for the deaths in Charleston, But what will you propose next, To dig up the graves of Confederate soldiers next? For the love of GOD these men are VETERANS of WAR! There fight may be clouded in history, but they are a part of our History. Will you ban the other hate groups from your State? Yes color will blind you , but just will bleed through for ones own responsible actions and deeds. SC was the first State to succeed from the Union, Perhaps they were smarter then.

Gov Haley, I will continue to stand with you even though your confederate flag decision should have come from vetting of the voters. It is our southern heritage. It does not stand for racism. The young man made a free choice when he killed those people.

I want our state to move forward, but it is now time to stand for our freedom and liberties. They are being taken away quickly.

I am a Christian and I am tired of losing our liberties. Let's stop the political corrective and spread the truth.

Put South Carolina first and the people will stand behind you. You have problem to be a good governor but you have some fences to mend.

Thank you for listening and may God bless South Carolina and the nation.

Mrs. Haley,

In lieu of a memorial could we make a flag using the symbol of the Charleston 9 and have this fly? If you haven't seen the symbol its floating around facebook, is shaped like SC and has nine doves forming the palmetto tree in the center.

With all due respect, if the deaths were white people, you wouldn't brought the flag down. No one really attacks the real problems in America. Again, tell me who are slaves of today and discriminated against. Politicians will never be honest...\*Thou Shall not Lie,etc Bare false witness.

A white man was beaten until unconscious in Cincinnatti by nearly 40 blacks. What flag should we bring down now from this hate crime? Sorry, wrong color.

Why do all politicians hate America. What you did to our forefathers brothers and sister is insult. Shame, but I will pray for everyone in leadership to stop hating America. Will the president make a speech for this man and his family? Will Al Sharpto (won't pay back taxes) show sorrow? Any one reporting this? Sorry, wrong color.

Have a bless day. I think destroying American's History is a crime. Now we have a chance to repeat ourselves. When a handful say something we jump. We have worse problem...I'll stop, cause I know politicians don't care about saving the country. Song on youtube: Soldiers & Jesus, Save the Country, God Bless America, Deck of Cards by Flom. Dear Nikki Haley (R),

The Confederate battle flag is a part of our country's history, but it is not to be celebrated.

I urge you to work with your state legislature to pass a bill banning the display and sale of the Confederate Battle flag on all government property.

The flag represents a deeply shameful period for our nation, and the harmful, hateful effects of that time are still felt today by African Americans and the nation as a whole.

This symbol of hatred and intolerance does not belong in public spaces, or on government property. Our state should not be associated with these shameful messages.

Please prioritize the removal of the Confederate battle flag and its many representations from our public spaces immediately. We need to move forward as a state, and as a nation.

Sincerely,

Governor, I hate to say this, but you are a traitor to the south. That flag had nothing to do with those honorable black folks dieing that day. The flag represents an area of the country tired of the federal government sticking their noses where it didn't belong. I have some wonderful friends that are black,so I am not a racist. You cannot get rid of hate by removing symbols. The flag is an inanimate object. It neither loves nor hates. It only represents a time when a section of this country came together to try and evict Tyrony from our midst. Election time is coming.

Dear Mr. [REDACTED]

Thank you for taking the time to contact us. These have been very difficult times for South Carolina, but our hearts and minds remain fixed on the nine families and the communities shaken by this tragedy. Their grace and strength set a powerful example for us all.

Even in the midst of our grief, South Carolina set about the process of healing – not by talking about issues that divide us – but by hugging our neighbors, holding vigils, honoring those we lost, and falling to our knees in prayer. We came together as a state, as a unified people, to remember those we lost and to begin this healing process.

We've also come together in acknowledging that certain symbols and events of our past resonate differently among us. For some, the Confederate flag represents a history of their ancestry and heritage. For others, the flag is a deeply painful reminder of a brutally oppressive past.

Inspired by the victims' families and the re-opening of Emanuel A.M.E. Church, I felt compelled to make a statement about moving the flag from the Statehouse grounds. This is a moment in which we can say that the flag, while an integral part of our past, does not represent the future of our great state, and that by removing a symbol that divides us, we can move forward as a state in harmony. The time has come for us to set the flag among the other markers of our history so we can set our eyes on the great promise of a united South Carolina. God bless.

Dear Gov. N.R. Haley

I have been rolling over in my mind regarding taking down the confederate flag - I feel that it was a wrong move to take down the confederate flag what they fought for was freedom and that flag meant a lot to the families now or years ago - I feel so sorry for all the families that were killed by a young crazy young man he has a big problem I maybe a yankee but I still love the south - do you really think that if the shoe was on the other foot that a black man shot white people in a church or wherever they would take down the flag I do not think so - mu thought's are punishment for this young fellow should make all those families of the church shooting would rather see that I know if I was in their shoes I would.

I sure do hope that you forgive me for writing to you on the above subject - and if I made any mistakes I am so sorry but on another hand I sure do hope that you, your husband and children have a healthy and safe life.

Thank you for taking time out to read my email
