**Subject:** Graduation invitation for Destaney I. Johnson

Dear Family and Friends,

Completion is the standard all go-getters live by. I have a great example of that in my daughter Destaney.

She has excelled and exemplified a true student in everything she's done in her high school career. Presently, she is prepping for her graduation that will postulate her next journey to college to continue being a model student.

I am inviting you to join her [on May 28th](#) of this year [at 4 pm](#) at N. Chas. Coliseum to celebrate her commencement, as she graduates from Fort Dorchester High.

Please contact me as soon as your plans are decided for parking, seating, and dining information for this day.

May God keep you and use his blessings in the most wholesome manner.

Yours truly,

Kyna Mathis
