I doubt he is in the frame of mind to deal with arcane federal grants management advisories, I don't get the idea, that's the kind of stuff he's interested in. I would treat these as log letters for necessary action, they can be logged to Deirdra for necessary action, since these grants are under Rhonda, with a copy to me as I will forward them to Kathy and Milton. Thanks

Greetings,

The ONC Office of Grants Management is pleased to issue two new Grants Management Advisories (GMAs). The purpose of the GMAs is to provide clarification on ONC grants-management related issues and policies. The GMAs will provide additional details and information that complement the guidance found in the HHS Grants Policy Statement.

Attached you will find GMA 2011-03 and 2011-04. In case anyone missed last week's message, GMA's 2011-01 and 2011-02 are also attached.

* ONC-GMA-2011-03 Allowability of Food Costs: This GMA answers questions such as, under what circumstances are the costs of food allowable under an ONC grant or cooperative agreement and are there limits on the types of food whose costs may be allowable under an ONC grant or cooperative agreement?

* ONC-GMA-2011-04 Program Income: This GMA defines program income and outlines what the requirements apply to use of program income by grant and cooperative agreement recipients.

We hope you find the GMAs to be informative.

Best,
The ONC Grants Team
