

Dear Gov. Haley:

When they make out the budget for fixing the Highways, please don't forget us on Hwy. 66, in Whitmire, in Newberry County.

I was asphalted on the end going into Laurens Co. but it was not finished in the year 2000;

All they did for the part going to Whitmire, was pour down tar + put gravel over it, + never asphalted it. We've had to put up with ~~this, going to work, the school is on this road,~~ too. We want all the pot holes fixed + asphalt put on it.

Please help us. Thank you for your time.

Sincerely

Barbara K Miller
