The Honorable Nikki R. Haley  
Office of the Governor  
1205 Pendleton Street  
Columbia, SC 29201

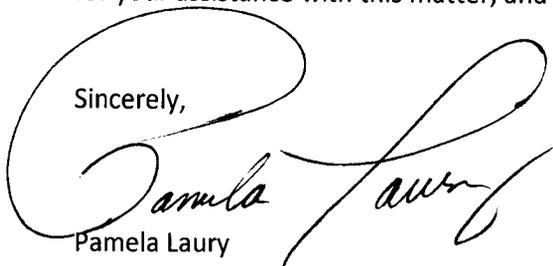

Dear Governor Haley:

I am writing this letter to find out if there is any way that you can assist me with a problem that I am having with Fulmer Middle School. My nephew has a learning disability he is 15 and in the 8<sup>th</sup> grade. Please allow me to explain my nephew Cleveland Stone Jr, is the student in questioned but they are having discipline trouble with him at school. His mother who works two jobs to take care of her three children and who can't take off of work to go to the school every minute when they have a problem with him, it is just easier to have me go to the school versus her. She wrote a letter to the school and took the document to have it notarized and then I delivered it on Dec 18, 2015 to the school. I have enclosed a copy of the letter that was delivered to the school please see the attachment.

The school denied me access to observe in my nephew class without having my sister-in-law with me even though I had the signed letter that was notarized. The reason that they gave me was that I had to have a letter from an attorney office that says my sister-in-law gave me permission to come to observe. How is it that a letter from a lawyer's office supersedes what a mother has to say about her child and his education, this is something that I don't understand this situation. Then they tell me to contact someone name Jim Hinton and I did that on December 18<sup>th</sup> 2015 and of course I didn't get him and I ended up leaving him a message.

Is there not anything that can be done about this problem? The school are the main people that say that parents don't get involve when they are having problems with the students and here it is I want to help my nephew and I am getting all of this red tape when it comes to stepping in to see if I can make this situation better. Please help me to alleviate all of the red tape by assisting in a problem that should not be a problem in the first place with just having me to come and observe in my nephew class. If you would please look into this matter I would really appreciate this very much. Thank you in advance for your assistance with this matter, and I look forward to hearing from you soon.

Sincerely,

  
Pamela Laury
