What is your deadline on these?

I was going to call you this week to see what else we could help you get.

Hey, Chaney and Rob. Many thanks again for your help on Friday. I have two quick follow-up questions to our conversation, when you have minute.

- \* Does Haley remember what she and/or Felicia were wearing the day she visited their home? It might give a sense of the mood and formality (or lack of) when they gathered.
- \* Just a reminder to help me figure out the exact date she visited them.
- \* Do either of you have a photo of the inside of the state plane Roof flew in?

Thank you,
