---

Annie and Val,

Thanks for responding back today. Sorry for the delay but I wanted to talk to my contact at Volvo before responding to you. I have now talked to her but have learned a few facts that may require us to change directions. It may actually be an easier approach. Let me work on some things and I'll get back in touch soon. Thanks for your help!!

BTW – in our discussion today the Volvo rep was very complimentary of the local DMV rep that has been helping them now.

Cyndy,

Val and I sat down on Friday and made a few minor changes.

For the letter we deleted “no longer meets such provisions and becomes a permanent” and added “effectively becomes a”; and we deleted the last paragraph since it’s not needed. Everything else you added in the letter we can live with.

Also, Mr. Young requested earlier that the letter go out under Mr. Laganelli’s signature. So we also made that change.

On the website information, we removed the example because we felt that was causing a lot of confusion. Your changes in the first paragraph are fine.

Please provide your comments on modified language

Regards,  
Annie Phelps

Annie and Val,

I have made one more attempt to try to make changes that would be acceptable to DMV but also provide comfort to the international employees of Volvo. Please take a look and let me know what you think. I have not shown this language to anyone at Volvo, so I don't know if it will give them complete comfort but hopefully it will at least help.

I appreciate your help.
