## South Carolina State Parks

These 10 brave souls and a couple of park rangers braved the elements today for an Upstate waterfall tour. Let's just say the falls had good flow! Lets hear it for these troopers!

**Jen Myers** Great rangers leading the hikes and showing us beautiful falls! Flowing heavier after these rains

**Sheley Revis** I cannot say enough good things about the Ranger-guided waterfall tour + cabin rental program at Table Rock State Park. The rangers clearly love what they do as their parks. We even got to see extra waterfalls and never felt rushed. The rangers were prepared, caring, knowledgeable and had great senses of humor...despite torrential rains. Highly recommend this program!
