Katherine,

This is Doug Huffer, President of Recleim in Graniteville SC. In response to communication from Tom Youngs office, Recleim would like to know how we can assist with the storm damage In so much of recycling the appliances, heating and air conditioning systems etc at our facility here. With the Governors and your office backing this project since the beginning it seems like a great solution instead of sending them to junk dealers and or land fills.

If the program is through fema let us know who we need to contact if you have that info . I know things are moving very quickly and I can be reached via email or cell.. 803.507.5803

Thanks so much for your consideration .
