I'm not sure what kind of membership specials you mean. We will have the 12 Days of Deals, December 1-12.

Thank you! I was thinking about the pricing of annual passes, or the number of months included.

Hi! I arrived down there at 9:58am and saw the line a mile long so I didn't go in. I was disappointed for not getting there earlier!

Is April of 2020, we purchased an annual park pass, and my family was having such a fun time visiting the parks. We had a goal of becoming "Ultimate Outsiders" by the end of last year.

The we were at Paris Mountain state park last June and I had quite a fall when I lost my footing on loose gravel, and I injured my hamstring badly. Over a year later, it's finally better so we are ready to get back to the parks! :)

I had hoped to Christmas shop in the gift shop this morning and also hopefully access the Day 11 gift. I do plan to visit Sesqui tomorrow, though, and at least take a picture. We love visiting the parks! My daughter and I typically enjoy the outdoors more than my husband and son. However, they really started enjoying the parks, too! It was great to see them actually look forward to going!

You can spend \$50 in our online store at [www.SCParkStore.com](http://www.SCParkStore.com) and get a free passport. You must put the passport in your cart along with \$50 worth of merchandise. Upon checkout put in the code DPG9X and it should remove the \$99 for the passport. You have until 4:00 Sunday, Dec 12 to order. Please do not share this code. This is only for people who came to the State House.

I just placed 2 shirts and a hat in my cart then proceeded to checkout. When I enter the code, a message appears stating that the code isn't valid for items in my cart.

Oh wait... perhaps I should add the passport first and then apply the code.

On another note... I noticed that you are out of a lot of the hats. I work for a promotions and branding company (Black Rock Branding) located in Gilbert, and we have some hats in stock. We also do in-house embroidery so can help you with some hats if you need it. (I know that a few days we still had some trucker hats that are charcoal front with neon yellow mesh back. That is one of the ones that caught my eye out on your website. If you would like for me to help you with hats, or at least let you know what we have available right now, I will be happy to tomorrow.)

We do screen printing, embroidery, and many other things. Our embroidery is in house with 8+ commercial embroidery machines, heat press and a special sewing machine for patches, etc. I mention embroidery being in-house because we can managed turnaround times that way. And, like I said, we have begun keeping some hats in stock.
