Dear Governor Nikki Haley:

As a fellow resident of South Carolina, I urge you to please SUPPORT the following pro-gun bills:

H 3025, permitless carry legislation, which would allow any law-abiding citizen who may lawfully possess a handgun to carry a handgun for personal protection, without the need to first acquire a permit.

H 3799 which would expand recognition of Right-to-Carry permits to include the state of Georgia.

H 4703 which would clarify the Protection of Persons and Property Act (South Carolina's "Castle Doctrine") to ensure that a defendant who is denied protection from prosecution under this Act is able to immediately appeal such a denial. H 4703 passed the House with no votes in opposition.

Also, please work to pass legislation that will strongly advance the rights of law-abiding citizens who choose to carry firearms for personal protection by ensuring that South Carolina recognizes valid Right to Carry permits issued by all other states.

Once again, I urge you to please support these critical bills which help protect my Right to Keep and Bear Arms.

Sincerely,
Charles Bolt
