Yes. I think one of their problems was the lack of accessibility of potential participants to program staff. This was an issue with Goodwill as well. I have addressed this problem in the *conditions* section for PY 13. Each area must have a person who can be accessed during normal business hours 8:30 to 5, Monday thru Friday. This person will qualify the potential participant via telephone and send out application/ schedule an appointment. If you have any other questions, let me know. Thanks!

Were they ever fully staffed?

We anticipate EW will underspend by \$ 86,111.00 (74,226.00/Wages and Fringe, 8,455 admin, 3,430 OPC). They were allotted, 58 slots, currently have 50 active participant, 8 open slots. They are currently going thru a reorganization for SC.....because of inefficient outcomes. The staff person for Kershaw, Sumter, Florence, Horry Counties was terminated approx.. 30 days ago. The reorganization and the dismissal was largely due to my urging for more efficient service delivery. GW expended all of their PY12 money. They had 67 slots for PY12-64 active participants-3 open slots. If you have questions and/or recommendations, I am available to meet with you.
