Just touching base on a few things...

- Did you get this coming Friday worked out? If not, let me know.
- Forgot to ask if any media showed up to Greenville on Monday?
- I know the LG would be interested in doing this again... but Columbia Fireflies have reached out to us to see if we would be available for another sponsor night (LG throws the first pitch, Aging has an outreach table, etc.). They've asked about Wednesday, April 11... I think the game starts at 7:05p, but just wanted to run it by you first to see if it was even an option with his calendar.
