Hi Chaney!

Great to talk to you on the phone a few minutes ago. As I mentioned, if there's a press avail on Saturday with Gov. Haley, I would love to be included in that.

I do have a question - if you're able to give me some sense, generally, of what she plans to discuss in her speech on Tuesday, that would be awesome.

And I have to ask - because of course this invitation to give the response triggers a lot of speculation - if she is interested in a VP nomination if that were to come her way?

And finally, would you add me to your press distribution list?

Thanks so much!

Sarah
