Hi Katherine,

I hope this email finds you well. As we begin to plan out what is going to be a very busy, but exciting week for RBC executives at the RBC Heritage I wanted to touch base with you to see how Governor Haley's schedule aligns. Do you know which days she will be attending the RBC Heritage? We want to make sure that she is invited to the appropriate RBC functions and likely create a couple of PR moments throughout the week as well. It is probably worth us having a phone call to discuss the week. Jim Little, Chief Marketing Officer will be down there for the entire week, Gord Nixon (President and CEO) and many of the key executives will be down there for the first part of the week or the last half as they have board meetings in Toronto on Thursday, Jim Tricoli (RBC Capital Markets) would like to request some casual time at the course.

I believe that Governor Haley is hosting an event on Friday night, so would like to make sure the appropriate RBC delegates are there....not sure if she will be attending the opening ceremonies or the trophy presentation. Anyways, those are some things that we should discuss and make sure we aren't leaving anything out well maximizing everyone's time.

Let me know when you have time and we can talk through a number of these items.

Of course we are going to have to factor in some time for Mitt Romney as well, if he takes Governor Haley up on her offer from the press conference last week...haha.

Katherine,

Good morning and thank you again for your time yesterday. I will be following back up with you in the next day or so regarding our conversation.

In the mean time, Derek Paton with Catalyst/RBC reached out to me with regards to the best way to arrange some time with RBC and the Governor during the tournament this year? Derek shared with me that the Governor and Jim Little with RBC have been texting one another about getting together that week. I have copied Derek on this e-mail and figured the two of you can work it out from here. Please let me know if there is anything that I can do?

Take care and have a great day!

☺ Steve
