Subject: "Blood Brother"

Ira,

"Fight On!" Please have "Blood Brother" forwarded to segreteria@hlthwork.va and pcjustpax@justpeace.va carbon-copying kholland@support.ucla.edu, bvinokour@caa.com, len.amato@hbo.com, greg.rhem@hbo.com, info@naabpp.org, askthefounders@naabpp.org, rjacobs@urj.org, and info@chabad.org.

I asked Bruce Vinokour to have Stephen Tolkin send his film "Daybreak" to my church, Rick Jacobs, and artist Emory Douglas. Emory posted this article to his personal Facebook <http://www.telesurty.net/english/news/Jailed-Black-Panther-Mumia-Abu-Jamal-Wins-Hepatitis-C-Treatment-20170104-0010.html>.

Katie Holland is with UCLA's Geffen School of Medicine of which my Catholic sister Madison Kocian studies pediatric medicine. I am copying our fellow Trojan Wallis Annenberg and Kevin Huvane the agent for UN Women Global Goodwill Ambassadors Emma Watson and Nicole Kidman. I hope they will forward to CSW61. Swati Patel is the South Carolina gubernatorial chief of staff for Nikki Haley. I served the Roman Catholic altar. Fellow Trojan Jason James was a seminary student at Fr. Nicholas' Brooklyn diocese. I have copied the Catholic Bishops' Conference of India.

Blood Brother | HIV-Infected Children in India | Independent Lens | PBS
PBS › independentlens › films › blood-b...

In Blood Brother, disillusioned American Rocky Braat's life is changed forever when he travels to India and ends up working with HIV-infected children.
