

Dear Governor Haley:

3/18/16

My name is Sherry Stannard and I have been trying to get back on my boyfriend's visitation before I met my boyfriend. I had visited a couple different men. They were saying at the visitation center, I was bringing drugs in. I was not. I was looking for a husband. It has been over four years since I have seen him. They told me at the visitation center, I to wait two years. Still won't put me back on visitation. I wrote Michael McCall, the senator over the prison system. Please, if you could help me get back on my boyfriend's visitation. His name is Harold Lee Bradley #199838. He is at McCormick, S.C. I also wrote the warden.

Yours truly
Sherry Stannard
