Subject: Refugee Data

I have received the monthly report on refugee data. The information contained in the report is consistent with the information we have received from the voluntary resettlement agencies in the state. In the fiscal year, 62 refugees have been resettled in the state from 7 different countries. Of those 62 refugees, two are of Syrian national origin. Between January 01 through January 31, 2016, eight refugees were resettled in South Carolina and all were from the Democratic Republic of Congo. If you have any questions or want to discuss the data I have received and reviewed, please give me a call.

All the best,
Karen
