

Day Nursery At ~~The State~~ Gonzales Gardens 6/30/44

Lindy DuBose, young son of Mrs. Carolyn DuBose of apartment F-3, was given a surprise birthday party Wednesday afternoon by the day nursery school which he attended. Mrs. Evelyn Fullerton, supervisor of the school, was hostess, assisted by Miss Margaret Atwood, Mrs. Rosa Strawbridge and Miss Grace Campbell. Pink and white garden flowers decorated the rooms. Games, music and songs were enjoyed. Later a lovely birthday cake, iced in white and decorated with green and white frosting, was served with ice cream.

This is a new policy adopted by the nursery. Each child will be given a party on him or her birthday.

Those present were: Brent Shirley, Wayne Garrett, Jimmie Slice, Anne Flynn, Eileen Flynn, Joan Gerke, Patricia Slice, (Larry Sullivan, Patricia Hill, Carolyn Floyd and Lindy DuBose.

A new playhouse, nicely furnished with a fenced-in yard, has been recently added to the equipment. The tiny tots sandpile has been enlarged and also has a new fence. This nursery is one of the best in the state, well supervised by capable assistants. The children have a well balanced diet, a regular routine of play and sleeping hours, and are trained in manners, culture and refinement. It is open to any working mother in the city. Those desiring information should consult Mrs. Evelyn Fullerton, apartment P-3, Gonzales Gardens.
