The Honorable Nikki R. Haley
Governor
Office of the Governor
1205 Pendleton Street
Columbia, South Carolina 29201

Dear Governor Haley:

The U.S. Department of Homeland Security (DHS) is granting the State of South Carolina an extension, through June 6, 2017, to allow the state to meet the requirements of the REAL ID Act of 2005 (P.L. 109-13) and implementing regulation. For the duration of this extension, Federal agencies may accept driver's licenses and identification cards issued by South Carolina for official purposes in accordance with the phased enforcement schedule and Departmental policies.

The Department recognizes South Carolina's efforts in enhancing the security of its driver's licenses and identification cards. DHS grants this limited extension based on the extension request made on the state's behalf by Kevin Shwedo, Executive Director of the South Carolina Department of Motor Vehicles, on December 16, 2016, indicating the commitment of your Administration and of state legislative leaders, including Senate President Pro Tempore Hugh K. Leatherman and House Speaker James H. Lucas, to actively move forward on a legislative solution and your expectation that a vote will occur in the 2017 legislative session. This extension is intended to provide South Carolina with the opportunity to take any necessary steps needed to meet all the requirements of the REAL ID Act and implementing regulation. Failure to take these steps, including not enacting any state legislation needed to authorize and implement compliance, may result in the denial of future extension requests, thereby making South Carolina subject to REAL ID enforcement. Enclosed is a list of DHS's previous findings about the regulatory provisions that South Carolina currently meets, plans to meet, and does not currently commit to meet.

Once South Carolina commits to meeting all the REAL ID requirements (including requirements related to re-credentialing of persons enrolled before South Carolina instituted its 2010 modifications), DHS may grant additional extensions, as necessary, to give South Carolina the time needed to implement the outstanding provisions to achieve full compliance. To assist DHS in determining whether a further extension is warranted, at the time of making an extension request, please provide DHS with information regarding progress towards meeting any outstanding requirements; reasons for not meeting any outstanding requirements; and when South Carolina anticipates seeking a determination of full compliance from the Department.

Extensions are granted at the discretion of the Secretary of Homeland Security and are not an alternative to compliance with the REAL ID Act.

As we continue to implement the phased enforcement of the REAL ID Act, the consequences of continued noncompliance will grow. Currently, military bases, nuclear power plants, and Federal facilities may accept state-issued driver's licenses or identification cards for access purposes only if the document is issued by a state that is REAL ID compliant or that has received an extension. On January 22, 2018, TSA will begin REAL ID enforcement for boarding commercial aircraft.

Please do not hesitate to contact DHS's Office of State Issued Identification Support at (202) 447-3871 if you have any questions or comments about this extension. For all other homeland security matters, you may contact the DHS Office of Intergovernmental Affairs at (202) 282-9310.

We look forward to continuing to work with you on this and other homeland security issues.

Sincerely,

Alan D. Bersin
