Ever wonder what the Antler Fairy brings bucks who lost their antlers? Well, here at the Animal Forest, zookeepers made sure their resident buck received something extra special -- a yummy cornbread coin! Bucks shed, and regrow their antlers every year. Made of true bone, antlers are fast growing. They can grow as much as 1/2 an inch a day! Bring the family out to Charles Towne Landing today to see the deer and all of our awesome creatures! www.southcarolinaparks.com/ctl

Sashim Gardner Your vote DOES MATTER and the future of our families depend on it! Don't let wealthy campaign donors control our government any longer! Please be sure to vote! Please get the message out to your friends and family! Change CAN happen if we stand up and fight for it!
