Subject: Missing equipment from Carolighting

Ray, PLEASE pass this along to all Committee as I don't have their emails.

Dear Fellow Carolighting Committee:

Tonight after the Carolighting, our garnet colored hand -trucks with 2 wheels, disappeared from in back of my Southern Bronze handbell ensemble. Since we had 3 trucks full of our equipment, I thought it was in another car. It definitely was NOT and I know it was behind us after the Carolighting. PLEASE send an email to ETV and to the people who gathered the chairs, tables, etc or to anyone that might have borrowed it , or thought it belonged to them.

PLEASE help me find this. Thanks so much.
