

Jesus loves you, and your reason for being on Earth is to love him and have a relationship with him now and throughout eternity.

John 10:10

Jesus said I will give you life and life more abundantly.

This could be the last chance you will ever have to choose eternal life with Christ Jesus.

God will save you right where you are and just as you are regardless of what sins you have committed.

If you want Jesus to be Lord and Savior of your life just pray this prayer.

Romans 3:23

Lord Jesus I know that I am a sinner and separated from you.

John 19 17:18 Matt. 27:27-50

I believe that you suffered and died on the cross and shed your sinless blood for my sins.

I ask your forgiveness for every sin I have ever committed. Please, Lord Jesus come into my heart by the power of your Holy Spirit and be Savior and Lord of my life.

Rev. 20:15

Please Lord write my name in your book. (The Lambs Book of Life.)

As I now give you my life Lord Jesus, please help me to be as you want and guide me by your Word and your Spirit.

I surrender my life and all that I have and am to you Lord.

John 3:16

For God so loved the world (that world being you and me) that he gave His only begotten son Jesus Christ that whosoever believeth in him should not perish but have ever lasting life. (Life now and after physical death.)

If you are a born again Christian please pass this on to a family member, love one or friend.

When we die, our spirit leaves our body and goes one of two places.

Planned Parenthood Got \$540.6 Million in Government Grants in FY 2013

January 14, 2014 - 4:58 PM

By Barbara Boland

(CNSNews.com) – Planned Parenthood's net revenue increased 5% to total of \$1.21 billion in its organizational fiscal year ending on June 30, 2013, according to its new Annual Report 2012-2013, and about 45% of that revenue--\$540.6 million--was provided by taxpayer-funded government health services grants.

In the same report, Planned Parenthood said that in the year that ended on Sept. 30, 2012 it did 327,166 abortions.

Clinics in Iowa, Arkansas, Nebraska, Oklahoma, Montana and New Hampshire also received \$655,192 in grants from the Department of Health and Human Services to serve as Obamacare "navigators," as CNSNews.com reported earlier.

The 2012-2013 Planned Parenthood report states on its second page, "We are the most effective advocate in the country for policies that protect access to safe and legal abortion and advance women's health, actively lobbying in every state legislature"

Planned Parenthood's affiliates spent \$26 million on public policy this past year, while the national office spent \$31.3 million on building "advocacy capacity."

Planned Parenthood lobbied heavily for the Affordable Care Act's mandatory contraception coverage, and the ACA, or Obamacare, is celebrated throughout the annual report as "a historic advance for women's health." (See Planned Parenthood 2012-13.pdf)

"Planned Parenthood is "making sure [the Act's] promise is realized in people's lives. We are investing in technology to reach a whole new generation, both with health care and opportunities for activism," the letter from Planned Parenthood's Chair Alexis McGill Johnson and President Cecile Richards states.

The organization's affiliates spent \$14.8 million on engaging communities, and Planned Parenthood's national office spent \$3.2 million to "refresh our brand."

Part of that brand "refresh" included working with major television programs and media outlets "such as *Girls* and *Cosmopolitan* to promote our brand and cover our issues," the report states. (See Planned Parenthood 2012-13.pdf)

As part of the annual report's "10 History-Making Moments," it celebrates the NBC series *Parenthood* depicting "the first abortion on a major network entertainment program in years."

Other history-making moments the organization highlighted include the "largest gender gap ever recorded" in "the presidential election and in key state elections," the ACA's contraception mandate, Wendy Davis' filibuster in Texas (in support of late-term abortion), and California passing a law that allows non-physicians to provide abortion services.

CNSNews.com contacted Planned Parenthood by phone and e-mail to ask how much of the \$540.6 million in government money was received from federal sources, and how much from money came from state sources. Planned Parenthood did not respond.
