Dear Katherine,

Please contact Bill Mc Daniels cc here regarding his controlled access point issue on Farrow Rd. Bill is planning to build a Porsche Dealership on the property with aprox 10 cars a day in and out daily. He just wants to be able to enter and exit making a right turn. The land was sold to him with no easements or restrictions. There is not usually a controlled access point o a 2 lane road such as this. The alternatives are cost prohibitive so he would like some help to address the issue.

He would appreciate your help in this matter, contact info is below.

Regards,

Bhavna Vasudeva
