Subject: Governor on County Councilman arrest

---

Hi Chaney,

I've been told the Governor is the only one with authority to suspend or remove a county councilman. Richland County Councilman Kelvin Washington was arrested over the weekend charged with felony DUI. He was charged last month with failure to file a tax return. Is Governor Haley planning to intervene? Do you know if she will suspend or remove Councilman Washington over this latest charge?

Thank you,

Meaghan Norman
