Subject: Integrity of Election Process

---

Hello Chaney and Rob,

I'm writing to request a statement from Governor Haley for *The Weekly Standard* regarding concerns that ballots cast by felons and illegal aliens account for the president-elect's having lost the popular vote nationally.

Do Governor Haley's October 20 comments to *TWS* about the integrity of this election and the fairness of the voting process still stand? Does the Governor believe that millions of illegal votes cost the president-elect the popular vote?

Thank you.

Best,  
Jenna
