The attached and below is a great option for those looking into Tablet Technology!!!!

Customers don't have to wait until next year's budget to get the technology they need TODAY!

More and more businesses are adopting Tablet Technology into all areas of their business operations. However, due to new rapid application growth, many businesses/agencies no longer have 2014 budget dollars available to take advantage of the productivity these devices offer. Under the [Tablet Leasing Program](#), payments can be deferred for up to 90 day's allowing the customer to take immediate tablet delivery and pay nothing until 2015.

Offer Details:

- Offer valid through December 31, 2014
- Minimum \$25,000
- Business/Government Customers, U.S. Only
- Fair Market Value leases only
- ▲Subject to credit/document approval
