**Subject:** RE: Proviso Bike Week

---

Good afternoon all,

Our office has referred your question to the Horry County Legislative Delegation to advise on the General Assembly's intent and interpretation of the proviso.

Also, please be advised that we are working with our state agencies to confirm additional law enforcement for next year as requested. Our goal is to have the information compiled prior to the Summit on September 22<sup>nd</sup>. In the meantime, if there is anything else our office can do, please let me know.

Sincerely,

Rebecca Schimsa

Rebecca S. Schimsa  
Deputy Legal Counsel  
Office of Governor Nikki R. Haley

**Subject:** FW: Proviso Bike Week

Rebecca, we enjoyed talking with you yesterday. Based on the Proviso and the below we believe it is clear that the elected officials of each municipality have the authority to decide which category of accommodation tax public safety expenses are charged to as long as they do not exceed one third of the total allocation. Do you agree? Thanks for all your help.

**Subject:** RE: Proviso Bike Week

Mike,

After reviewing my emails on the Bike Week Proviso, the analyst that I talked to was Katie Owen of the House Ways and Means Committee. Her phone number is (803) 734-1549. She informed me over the phone that the Proviso supersedes all prior legislation and that 1/3 could come out of whatever the City designated it to come from. This all was a result of a conversation and I do not have any further correspondence that further defines the Proviso.

The Proviso was quickly written and added to other legislation as a rider so a lot of detail was not interjected into this proviso, that is why there is some question concerning its interpretation.

I hope this is helpful.

Randy

Just a heads up. We are analyzing our additional law enforcement needs based on what we know. We will keep you informed as Myrtle Beach's plan evolves.

Mr. Mahaney,

Proviso 106.12 of the FY14-15 Appropriations Act is attached. I am happy to put you in touch with the House Ways and Means Committee staff where the language was developed.

Thanks, Mike Shealy
