I'm going to be mentioning the gov in my piece on Jaime Harrison's newser calling on elected GOPers to rescind their backing of Trump. I know (and I pointed out during the newser) that the gov's is tepid and came only after others left the race, and I'll include her comment from last week on his divisive rhetoric, but I wanted to FYI you to today's story, in case y'all wanted to add anything else (or break any news, like her rescinding her endorsement, which of course the AP is always happy to do for you J)
