Subject: Patriot, do you oppose Draining the Swamp?

Patriot,

I've contacted you several times now, but I've yet to hear back.

So I wanted to reach out once again and ask you to please sign your “Drain the Swamp” petition to Mitch McConnell immediately.

Mitch McConnell is doubling down on his pledge to oppose the American people's mandate to Congress to Drain the Swamp and end the cesspool of cronyism and corruption once and for all.

And his cronies, like Barack Obama's pal Lindsey Graham, are lining up behind him to help oppose every move Donald Trump makes.

I need your help to turn Mitch McConnell around before it's too late.

So won't you please sign your petition immediately?

Principled PAC is preparing to launch a MASSIVE nationwide program designed to generate maximum pressure on Mitch McConnell and his cronies to work with Donald Trump to Drain the Swamp.

And the Drain the Swamp petition I'm counting on you to sign so our staff can FLOOD Mitch McConnell's offices with a steady stream of fax petitions is only the first step.

Once Donald Trump is sworn in on January 20, Principled PAC will launch Phase 2 of our program, which includes:

>>> Hard-hitting Facebook, Google, and Internet banner ads in the states and districts of targeted Senators and Congressmen who oppose draining the swamp . . .

>>> Generating tens of thousands of live call to Mitch McConnell's office demanding he drain the swamp. Our goal is to shut down the phone lines on Capitol Hill . . .

>>> Briefing newspaper writers, journalist and editorial boards about our program to help drum up support and media around our cause . . .

>>> Deploying over half-a-million emails to conservatives like you asking them to join our cause by signing their petition, calling Mitch McConnell's office, and chipping in a donation to help fuel the firestorm!

As you can see, Patriot, our staff is preparing one of the largest grassroots battleplans in history.

But that's what it's going to take to help Donald Trump do what the American people elected him to do:

DRAIN THE SWAMP!

That's why, along with your signed petition, **I'm asking you to please make a generous contribution of \$250, \$100, \$50, \$35 or \$25 to help ramp up our efforts to turn up the heat on Mitch McConnell.**

Of course, I understand a lot of folks can't afford to give such large amounts this time of year.

So even if it's \$20, \$10 or \$5, please chip in whatever amount you can at this time.

Thank you in advance for your support.
