

October 6, 2015

Dear Governor Haley,

Please accept my sincere thanks for the outstanding leadership you have shown our state, especially over the last few months. You guided us well through the tragedy at Mother Emanuel and now through this 100 year crisis our state is experiencing. You and your team are doing an outstanding job.

My ancestors were French Huguenots who settled in SC in the 1700s, and my husband and I are retired state employees with nearly 60 years service between us. We hold our state dear. We are fortunate to have you. May God bless you & give you strength, Roxanne Bernold
