Subject: OCSGC: Conf Call, June 28th,

Dear OCS Governors Representatives:

Thank you for spending time speaking with Natalie and me recently on your state's needs and objectives with the Coalition. As we've mentioned previously, the OCSGC would like to institute a monthly call with all representatives to review current items on the agenda, discuss strategy moving forward, and allow an open forum for each state to share an updates on OCS access and development.

By now, you should have received an invitation from Gov. Parnell's office inviting each Governor to attend a F2F meeting on July 13th in Williamsburg, Virginia shortly.

With an eye toward that potential Face-to-Face meeting, we would like to propose a **quick call for Thursday, June 28th at 4pm ET/3pm CT/ 12pm AK**, lasting approximately 30 mins. We will circulate a calendar notice with an agenda shortly.

On this first call, we will follow-up on all of the state-specific discussions held last month as well as discuss planning for the July 13th face-to-face meeting in Williamsburg, VA.

The call-in information is below:

877-336-1839
