Medical marijuana is the only thing that help deal with my pain and there's one reason why I use it... it is organic and natural no other prescription drugs can say the same no other medication has only good qualities like marijuana does and mostly all medications come with worst side affects than what is the original problem

I'm isning because I believe that medical marijauna can save lives and

completely change our economy for the better. It's time for change and it starts with legalization of medical canabiss
