Hi Katherine,

Thanks for staying in touch. Know it is busy in the governor's office – with “normal business” + campaign mode.

Hope to make a trip from Beaufort County to Columbia Monday, October 7 or Friday, October 11.

Glad to pick a date that works for you-- and stop by at your convenience to answer questions about “parity in the comprehensive sector before ABF.”

Best,

Katherine,

As you may recall, Heather Rath connected us earlier this year, due to your deep understanding of the Lowcountry. Thanks for corresponding this spring about the need for a “level playing field” in comprehensive university funding in SC—as a critical step toward ABF.

We discussed meeting in Columbia or the USCB campus. If you can give me 20 minutes to share a graph and the presentation that was given to the CHE earlier this month, hope the information will be helpful in the ABF discussions to come.

Glad to arrange my next trip to Columbia around your schedule—if you can suggest a couple of dates/times that work for you.

Best regards,  
Lynn
