Tom,

Good to talk to you. We don't see enough of our ETV friends when the legislature's out.

As I mentioned, we'd like to get y'all to light the governor's office for a round of TV interviews. Y'all have done this bunches of times over the years, and we're always grateful for the help.

To this end, I wanted to put the following date on y'all's radar:

Tuesday, September 27. 10 AM - 12 PM.

I know the team would need access to the office before 10 AM for setup, and that's no problem. We'll be here to let you in whenever.

Let us know of any issues or concerns.

Rob
