Thanks for this. Sorry for not clarifying earlier. I have moved over with LG Bryant to serve as his chief. I hope all is well there.

Please see attached and also info below. Let me know if you need anything else.
By the way – where are you working these days?

Hi Wendy,
Attached is the report showing public miles by county. Just look at the Total column.
Also, in 2005 the public centerline mileage was 66,239.52 miles
