Dear Douglass,

After spending the past three years working for Governor Gary Herbert, including the past 18 months as his campaign manager, I am now opening a new chapter in my career.

My longtime friend an colleague, Wesley Smith, and I have launched [24NINE](#), an external affairs consultancy. We solve problems for our clients using external affairs tools including communications, government relations, public policy, community affairs, philanthropy and by building alliances.

I wanted to reach out to you and make sure you have my updated contact information. Please update my email address, my phone number remains the same.

If we could be of assistance to you or someone you know, please don't hesitate to let me know. It has been a pleasure working with you in the past and I hope to cross paths with you in the future.

Thank you,

MC
