We should also discuss the Commerce MRO amendment to the Agricultural Tax Credit bill.

**Subject:** Bills List

Team,

Happy Sunday.

Please see attached the list of bills I plan to bring up in tomorrow's bills meetings. It includes ratifications that will be signed tomorrow, enrolled bills (VETO next to those we have discussed vetoing), legislative tracking, and follow-ups. Please note for your review, a couple of the bills have a "Reason to Veto" bullet explaining why I think we should veto that bill. From now on, I plan on including this bullet for all legislation I think NRH should veto. If y'all think any other bill on the list should include this bullet, please let me know the reason and I will happily include the reason. Finally, the final bill under legislative tracking, S.493, says "HOLD" and only has the note that I am awaiting feedback from DOR and DOI. The reason for this is I am not sure what the bill is doing and therefore wanted to wait on feedback from the agencies prior to putting in a description.

Please let me know if you have anything to add, or think I should remove.

Thank you in advance.

DMG
